A COLLECT FOR CLUB WOMEN

(All Standing)

Keep us, oh God, from pettiness; let us be large in thought, in word, in deed.

Let us be done with fault-finding and leave off self-seeking.

May we put away all pretense and meet each other face to face—without self-pity and without prejudice. May we be never hasty in judgment and always generous.

Let us take time for all things; make us to grow calm, serene, gentle.

Teach us to put into action our better impulses, straightforward, and unafraid.

Grant that we may realize it is the little things that create differences, that in the big things of life we are as one.

And may we strive to touch and to know the great, common human's heart of us all, and, oh, Lord God, let us forget not, to be kind!

—Mary Stewart.

CLUB LITANY

By Alice Ames Winter

Leader: God, our Creator, our Father and our Friend from many homes, and with many minds we come together this day bound each to each as children of Thy Wisdom, Thy Love, Thy Will.

Response: May day unto day utter speech and night unto night show knowledge.

Leader: May the Spirit of the Lord rest upon us, the Spirit of wisdom and understanding, the Spirit of counsel and right, the Spirit of knowledge and the fear of the Lord.

Response: Of us may it be said: "In her tongue is the law of kindness; she looketh well to the ways of her household and eateth not the bread of idleness. Her children rise up and call her blessed saying, 'Many daughters have done excellently, but thou excellest them all'."

Leader: Here may mercy and truth meet together, righteousness and peace kiss each other.

Response: So teach us to number our days that we may apply our hearts unto wisdom.

Leader: Here shall we stand in the ways and ask where is the good way, that we may walk therein.

Response: Behind Thy Wisdom and Thy Counsel lieth thy love.

Leader: Though we have the gift of prophecy and understand all mysteries and all knowledge and though we have all faith so that we could remove mountains, and have not love, we are nothing.

Response: Wilt Thou here light a candle of understanding in our hearts that shall not be put out?

Leader: Teach us that we cannot truly pray Thy Prayer without a pledge that we will fulfill the human part of bringing to pass Thy Will, and Thy Kingdom here on Earth.

All: Our Father who art in Heaven—

THE INDIANA FEDERATION OF CLUBS

PESIDENT'S MESSAGE

The uppermost thought in our minds, as this yearbook goes to press, is national defense. Guns and ships and planes! National defense is the cry of the moment and to this end we are giving all of our efforts.

Isn't it strange, that I, who have advocated the concentration of our efforts upon one great project ever since I have been a member of the federation, should be president at the time when this hope is about to be realized, It should be a time of rejoicing, but it is not. For the tragedy, of course, is that our concentration has to come in this guise.

All about us there is fear and apprehension for the days which lie ahead. We will do our share, and more than our share, along the lines of national defense, but there is something else which we can do. Quoting from my acceptance address, "we can reflect in everything we do and say the spirit of undefeatedness that belongs to permanent triumph. We must have courage. We must build within ourselves that power of resourcefulness so that when the time comes we will be ready. We must have courage as the days deepen—for no matter what kind of a world we have—no matter what happens to the world—you and I are going to have to live in that world—so we must have courage to face that which lies ahead."

Last fall when I spoke to the district conventions, I asked you to strengthen the home, the church and the school as our first line of defense. And now as we are engaged in concrete defense work, I ask you again, to strengthen these three.

THE HOME—during the past few years we have been doing everything to take us out of the home. We have had a severe attack of organitis. We belong to this, we belong to that, all taking us OUT of the home. What will our children remember? Will it be, "Here's a quarter, Johnny, get your lunch at school. I'm going to the bridge club." Will it be, "Sure, I'll play golf Sunday. Let's play every Sunday. No, I never go to church, I don't like the minister." Will it be, "The flag, you say, I should put out the flag? I can't take

MRS. OSCAR A. AHLGREN
I. F. W. C. President

THE INDIANA FEDERATION OF CLUBS

time to look for it—what's the difference anyway." What WILL it be?

THE CHURCH—I am elated that the American Home department of GFWC is to stress a return to religion and we are so proud to have our Mrs. Edwin I. Poston chairman of the department. We have been so busy taking care of the physical need of our people that we have forgotten the spiritual need. How many of us go to church on Sundays? What if I do not like the minister—maybe he does not like me. Let us recall the words of Oliver Wendell Holmes when he said, "Religion is a plant in my heart that needs watering once a week."

THE SCHOOL—It is up to US to see to it that the teaching of foreign doctrines is not promulgated in our schools. Are our teachers stimulating an interest in democracy? Are they teaching how we acquired all these privileges we take so much for granted? Are they teaching every mother's son the glory of the United States in such a way that it will again be his dream to be president? It is up to us to find out.

It has become extremely fashionable to be patriotic. Red, white and blue is the color of the moment. But we not only want to flaunt our patriotism, we want to LIVE it. Patriotism isn't a thing that you can buy. It has to be inside of you.

Let us not shirk our duty to the greatest country in the world! Let us not shirk our duty to the greatest group of organized womanhood in the world!

From our great agricultural regions, which have been rightly called the bulwark of the nation, comes the cry—DEFEND AMERICA! From our large industrial centers, where men work with their hands, comes the cry—DEFEND AMERICA! From our small villages and towns, from the Atlantic to the Pacific, comes the cry, "DEFEND AMERICA." From every lover of righteousness and good government comes the cry, DEFEND AMERICA!

Our way of living can be preserved IF we WANT to preserve it!

God bless America!

THE INDIANA FEDERATION OF CLUBS

GREETINGS TO INDIANA CLUB WOMEN

Some of the most superior women it has ever been my privilege to know, and some of the finest friendships I have ever had, I have found through the federation—district, state and general. My heart goes out to all federated club women—kindred spirits the world around, but especially dear to me are the club women of Indiana, whom I have known and loved and worked with for many years.

Today, when national defense is uppermost in the minds and hearts of the American people, the “call to arms for national defense in America” to the club women in the acceptance speech of Mrs. John L. Whitehurst, newly elected president of the General Federation, will have from our Indiana club women a unified, cordial and courageous response.

Mrs. Whitehurst also stressed the need of a return to the church when today only 30 per cent of church seats are occupied and only 50 per cent of the nation’s young people receive any religious training whatever. She said, “If our people are to face a challenge such as the people of Europe are facing, they must be fortified with something more lasting than the material things of life.”

Hermas, the rich young man of Antioch in Henry Van Dyke’s story, found only disillusionment and futility when he sold out of his life the word “God.” Is not the loss of the word “God” the explanation of the distress of the nations of the world today? The world needs an awareness of God and a knowledge of His revealed laws, purposes and plans as set forth in the Bible.

Club women of Indiana, and of the nation, can be depended upon to throw the full weight of their influence and activity into the General Federation plans for national defense, and strengthening the forces working toward a “return to religion.”

“You can count on Indiana ’till the stars fade from the blue.”

THE INDIANA FEDERATION OF CLUBS

MESSAGE FROM PRESIDENT OF GENERAL FEDERATION

Dear Club Women of Indiana:

A message to you at this time must necessarily be based on plans for the future.

We face a great world crisis. Either our representative form of government will be preserved through sacrifice, work, and prayer, or else some new form of government may come about because we are apathetic and selfish,—apathetic in believing that there is no real danger, and selfish because we are not willing to give up many of the luxuries we have become accustomed to in this country.

A national defense program at this time is essential; yet many of our people are reluctant to participate. Among our women, the reason is purely psychological. We have wanted peace, prayed for peace and worked for peace for so many years that it is difficult for us to adjust our thinking so that we can work for military defense. This is a dangerous attitude to assume.

At a time when the world is in a chaotic condition, a strong national defense program in the United States is the only thing that will insure peace. No foreign foe will attempt to invade this country if we are adequately defended. Such a program means sacrifice, re-creation of the pioneer spirit of our forefathers, religious fortitude, elimination of self-seeking and of the materialistic attitude which has dominated so many of our people during the last decade or so.

Every woman in these United States should play an important part in the defense program because it is the women who suffer the most poignant grief when disaster comes to a country.

As President of the General Federation of Women's Clubs, I am asking each of our two million affiliated women to assume some definite responsibility in helping to build a great national defense program. I am counting on you. I know that the women of this country will not fail.

Very sincerely,

Mrs. John L. Whitehurst.

THE INDIANA FEDERATION OF CLUBS

DIRECTOR'S MESSAGE

In my closing message to you as your president I tried to express my thanks to you for the splendid way in which you had met, with poise and understanding, the rapid changes in the tempo of our living during these unsettled times. And in the theme chosen for this last state convention I saw a plea to all to preserve and protect, with the utmost strength we have, those privileges which came to us as a heritage from our courageous forefathers, and the added blessings which have come in more recent times. Goethe truly said, "What you have inherited from your fathers, you must earn for yourself before you can call it yours."

Today is a critical hour in world history. You and I are witnessing the progress of world events that will loom large in shaping, not only the maps of the world, but perhaps the very destiny of our nation. In such a time the challenge goes to every citizen to stand firm and respond to the call of his country. That call may include military training, which many of our young men are now undergoing, it may mean to give up business and put on a uniform, as many of our reserves have done at great personal sacrifice. The call to service may come in a thousand different ways and forms. Whatever it may be, whenever it may come, we can and will meet it as befits true American citizens. There is but one chief enemy to the effectiveness of our national defense program. That enemy is lack of cooperation and unity, apathy and indifference to the fact that emergency exists for our country.

National defense today is no longer a matter of ships and guns and airplanes and tanks. It is the morale of the people themselves, the health and welfare of every citizen within the country. And in this interpretation of national defense, women, naturally, play a leading and vital role.

It is the women who are the purchasers of nearly 85% of the consumer goods in these United States. It is the women who plan and prepare the meals which are consumed, and which go far to determine the strength of a nation. It is women who share school problems with their children, who consider labor problems with sons and husbands, who budget the family income, plan and

repair the clothing, beside a myriad of other things which contribute to the moral and physical fibre of a people.

If the women of a nation remain uneducated and uninformed what, then, shall be the potential strength of that nation among other nations. Even a military government is only as strong as the men and women supporting its armies and navies. Here is a vital field for women's interests. Let them, through their clubs, refresh their knowledge of new improved ways of living, renew energies through cooperative efforts, arm themselves with facts and then put them into practice in the living of their own homes and communities.

It is quite true that such work may not hold the glamour of the exciting activities in driving and handling taxis or motor vehicles, of wearing uniforms in Red Cross and kindred activities. But diet kitchens, whether for home or public, and the quiet pursuing of basic living principles to the best of one's ability, will deserve just as high a medal as more spectacular experiences. It is in the home field that real national defense lies today. Clubwomen, apply yourselves to that home field, with all of the zeal that you possess, that you may strengthen and encourage the citizens of your country to be ready for any emergency they may be called upon to face. The clubwomen of our state and nation must be leaders, real leaders, in building a stronger national foundation than we have ever had before.

I Shall Not Dream Today

*I shall not dream today,
For now I need the fabric of my dreams
To cling to as I turn
Reluctant feet toward grim reality.*

*I'll bear the high heart-singing
Of the hope I knew
To light a failing candle
Where no light shines through:
And, when the night flares red
And no mass is said
I'll strip my garden border
Of its roses red,
And let the subtle breath of beauty
creep
Along the crater rims
Where loved ones sleep*

*I shall not dream today
For now I need the fabric of my dreams
To stem the tide of death—
The scars and seams burned into faith
By holocaust and war*

*Now I shall weave the mesh
Of high soul-dreaming
Into a band of gauze
To wrap the gaping wounds
Of lacerated flesh,
And bind in the strength thereof,
Hope from the source of hope,
And love from the heart of love*

THE INDIANA FEDERATION OF CLUBS

PRESIDENT'S REPORT

June, 1941—June, 1941

MRS. GEORGE W. JAQUA, Winchester

As an administration comes to its close it is not only glorified according to the things completed and brought to full accomplishment but equally so according to strong foundations laid for future building, a consideration of the heritage of work begun which we are leaving our successors. The past two years show results of fine effort. Many things dreamed and long considered are now fact. Many plans conceived had to be laid away, perhaps for future consideration, because of shifted emphasis of changing times.

Perhaps it is well to remind you that in such an organization as this it is often difficult to evaluate properly the degree of change and progress that has occurred. The element of time is an important one for the accomplishment of goals. What takes form during one administration has, very often, been in the creative stage in preceding ones. Many things which have shown themselves during this administration owe their existence to earlier thought and planning.

There are several changes and accomplishments which we are proud to show. There are many dreams not yet realized but still developing. Other changes, still in the first hesitant steps, will need your help and co-operation that they may stand firm. We have always taken careful consideration of the policies involved in any prospective change.

A major item this year is in the department lists within the districts and counties. We believe the new plan will give you better service. Modes and methods in many fields of living are being remodeled. Streamlining is the byword of the moment. We do not intend to attempt the streamlining of the Federation overnight, but we do believe that a rearrangement within it, perhaps even a reallocation of the dues you pay, will give its members better service. Two evidences of this have been in the printed material that you receive. The Department booklet has proven helpful—more helpful than the reams of costly but dissociated material coming at you from all sides. The Clubwoman now comes to you each month. That has been an expensive change but one which we believe is justified. The increase in subscriptions shows your interest and approval. We believe that if a magazine is to be of value to the members of an organization the material it contains should be fresh, should be pertinent to activities at hand, and should be the most effective link between the organization and its membership. If a

THE INDIANA FEDERATION OF CLUBS

magazine does not fulfil these things it has little excuse for existence. It is also our dearest wish that the magazine go to each universal club member through the dues. To date that has not been possible. We hope the near future will see that wish fulfilled. Until that time we need the continued and extended support of every member. If you take and read your magazine you cannot help but be a better member. The affairs of the world move at such a rapid pace today that at times even the printer's press seems slow. We are trying to keep up with the times, but you must keep pace too, or we shall all be out of step.

It would be poor judgment to review the many accomplishments of the past two years just for the pleasurable pride of hearing them recounted. You know of them as they took place. There has been development, and new projects, in practically every department and avenue of work. This you may check with the detailed reports in the Year Book. It is an inspiring record, a challenge to the future.

Your organization has had many honors come to it in recognition of the preeminence and size of its membership. One of your past presidents was honored by Gov. Townsend to serve upon his Citizens' Council of Defense. Another is Chairman of the New Harmony Memorial Commission. In January the state Legislature created a new Advisory Defense Council of 10 to support the Administrative Council composed of state department heads. Gov. Schricker highly honored your president with membership on this Council. as representative of women's and consumer interests.

Many have been the demands for our time and our attention. We have believed that unless you have some knowledge of a project you can have no right to express opinion. It takes time and effort to listen to all kinds of petitions, from all kinds of interests, but we have tried to consider carefully and with as much background information as possible before making any decision.

Despite the great demands of the defense program we have not forgotten or neglected the finer things, without which no life can be complete. Our penny art fund grows steadily, with more pictures added to our collection. Our musical penny fund, now in its first year, will be large enough to provide tickets for worthy music students at symphony concerts. Perhaps later some form of loans for music students will be possible. The record of our Legislative program is indeed outstanding. Very little was approved that has not been accomplished. We have continued the Citizenship pilgrimage to the state Capital for high school students. This year the group numbered nearly 300. Surely anything we can do to stimulate an appreciation of the privileges as

THE INDIANA FEDERATION OF CLUBS

well as obligations of citizenship in this country is well worth the effort.

During the past two years we have completed the first 50 years of our Federation's existence, and have now moved another year beyond. We have proudly honored those fine women who pioneered in the field of women's organization for betterment of living, grateful that we still have the privilege of honoring them. Indiana holds a large place in the Jubilee celebration of the G.F.W.C. at Atlantic City. Our pioneers of the future, our Juniors, have chosen their Queen and her aides, and have also created a travel fund to send them to Atlantic City. Thank you all for your generous gifts to the Golden Jubilee Funds. Your interest and appreciation of your organization has been heartening to us all.

For many months we have been developing a new idea within our student loan fund plan. You have heard of it from time to time, and have signified your approval. Because one must wait for the times of various Board sessions to take action we have not been able to complete arrangements earlier. A plan has been developed co-operatively with Indiana University whereby that institution and your Federation are establishing a Pan-American exchange scholarship. Because of the multitude of details involved we cannot elaborate here, but a detailed account of the arrangements will appear in a forthcoming issue of the Clubwoman magazine. We are thrilled that this has come about, that Indiana stands foremost in the ranks of those making tangible their interest in furthering friendly and informed contacts between the nations of this hemisphere. The young women to be selected to receive the first awards of these fellowships are: Miss Ella Marques, Rio de Janeiro, Brazil, who will study music at Indiana University next fall, and Miss Senora Morgan, Bloomington, Indiana, who will attend the National University in Mexico City. Miss Marques has already spent a year in study in New York, while Miss Morgan, who received her A. B. degree from I. U., has been working on her M. A. at Radcliffe. She will continue her studies in Spanish language and literature in Mexico. The Federation is proud to have a part in awarding these fellowships.

Many personal honors and privileges have come to me as your president. The General Federation Board meetings and Council have been stimulating, and rich in fellowship with representatives from other states in our Union. It has been a privilege to represent you there. It has also been a pleasurable duty to serve on many state committees; to continue active service in behalf of Public Safety and other worthwhile projects; to carry on the routine matters of the president's office and to represent you at many delightful social gatherings. The joy of attending other state conventions and

THE INDIANA FEDERATION OF CLUBS

group meetings has been deep. Our neighbors—Ohio, Illinois, and Kentucky are a few visited, besides Florida. There is also signal honor in the invitation from Georgia, which has been received and accepted, to arrange the program and lead the two day Forum to be held at the University of Georgia in June. I wish I might tell you of each and every delightful experience that has been mine as your president. I have worn the state president's pin with a deep sense of gratitude, with appreciation of the trust you placed in me. It will always be a challenge to the best that I possess.

None of the accomplishments are possible without the support and full co-operation of the Executive Board and membership. My heart is full—with love, and gratitude, and joy—for the privileges you have made possible.

One great source of help and inspiration came from the district meetings under the splendid leadership of the thirteen presidents. No organization can be greater than the units which comprise the whole. The evidence of excellence in projects undertaken and achieved assures us of a glorious future for the Federation. It has been a proud privilege to serve as your president during Indiana's Golden Birthday year.

To try, adequately, to say "thank you" is impossible. The devotion of its members to the Federation, and your affectionate support of your president will remain with me always as a cherished memory. As the years go on, I hope I may be able to show my grateful appreciation for this opportunity for service.

THE INDIANA FEDERATION OF CLUBS

REPORT OF OFFICERS

First Vice-President

MRS. OSCAR A. AHLGREN, Whiting

It has been a pleasure and a privilege to serve as first vice-president of the Indiana Federation of Clubs for the past three years. I shall miss the close contact which I had with the department chairmen, for we have had a happy time together. All have co-operated so beautifully it has made the task much easier.

Of course, the highlight of my administration has been the printing of the two complete program booklets. This year we issued 1600 copies, to department, division and committee chairmen, all district chairmen and each club president in the state. The booklets were in the mail early in July, thus enabling program chairmen to use them for their fall programs. Reports have demonstrated the value of the booklet. It has been a pleasure to visit district conventions and not hear chairmen say, "I have not heard from the state chairman." I wish to express my sincere gratitude to all the chairmen who helped make this dream of mine come true.

An all day conference was held with department chairmen following the last state convention. I urged all districts to make their first vice-presidents serve as dean of departments. Then I asked that each vice-president hold two all day conferences with the department chairmen. I offered a prize to the first to report and these prizes were won by Mrs. Edward Hodge, first vice-president of the Ninth District and Mrs. Val Moore, vice-president of the Eleventh District. Mrs. Johnk, vice-president of Fountain County, won the county prize. I hope that this plan of the first vice-presidents serving as dean of departments will be continued.

I have edited the copy of the department chairmen for our magazine and have sent it to Mrs. Downey to meet the deadline. I have also written a page in my capacity as first vice-president for each issue. I have appreciated the constant help and inspiration of Mrs. Nettie Downey, Clubwoman editor.

It was my pleasure to attend a number of the district conventions last fall. At these I spoke upon the subject, "Our Heritage—Long May It Live!" I urged a national defense program, especially as it is related to the home, the church, the school and the government. It was an inspiration to listen to the many fine reports given by the district chairmen. However, I still think we have too many divisions and committees, there is too much overlapping of work.

THE INDIANA FEDERATION OF CLUBS

I have enjoyed speaking at many county conventions and at a number of clubs. I attended state day programs at Ft. Wayne and Mishawaka and a number of the state forums. It was a pleasure to be the guest of honor at the annual spring luncheon of the Daughters of Indiana held at the Congress hotel, Chicago. It was a privilege to represent the Federation at the Hoosier Salon preview and the Federation day luncheon.

Much inspiration was gained by my attendance at the New York Herald Tribune Forum at the Waldorf Astoria last October.

I was proud of the part taken by the department chairmen at our state convention in Indianapolis. All followed instructions to the minute, enabling us to present our work in a most concise way.

I will never forget the Golden Jubilee convention in Atlantic City. The stimulation of that meeting should spur us on to higher goals.

Details incidental to my office have been promptly taken care of. I have compiled the department reports and arranged the district appointment lists for the yearbook. All mail has been promptly answered.

I am looking forward to another three years of happy association with the club women of Indiana.

Second Vice-President

MRS. W. D. KEENAN, Indianapolis

It has been a privilege and a pleasure to serve as second vice-president of the Indiana Federation of Clubs and to assist our gracious president, Mrs. Jaqua and to collaborate in the work with Mrs. Ahlgren. Our work has been harmonious and co-operative to the end that much has been accomplished for the Building of the Federation of Tomorrow.

This year I gave two days in June to the district presidents council meeting so that those who could not come on one day could be present at the next meeting. The result was all members attending one of the these meetings. Another council meeting was held at the February Board meeting with all district presidents and all incoming district presidents present. A district president's luncheon is planned for the convention which includes presidents of 1940-1941 and 1942. Have attended to all the duties of the second vice-president; attended all state forums and institutes; written copy for each issue of the Clubwoman; edited the District Presidents' issue of the Clubwoman in September and the County Presidents' issue in February. Attended all board meetings, and many club state guest days. Represented the I. F. C. at the Follow Up Committee (Child

THE INDIANA FEDERATION OF CLUBS

Welfare); the C. A. A. Air Corps Committee Radio Program; Defense Program; Educational Program. Have conducted three institutes on Why We Federate. Attended three district council meetings. Spoke before many county conventions on the subject of the Fundamentals of the Federation and Woman's Place in the Defense Program.

It was my great pleasure and privilege to attend the district conventions in an official capacity, with our president, Mrs. Jaqua, and our most gracious General Federation Officer, Mrs. Horace Ritchey of Athens, Ga.

Wrote an institute on Why We Federate which has been given in many club meetings and many county conventions. Spoke on the Bethany Park institute and institute at Winona Lake.

Prizes offered to the district with the most increase in membership was won by the Seventh District with 16 clubs with membership of 325; the Second District came second with eight clubs, membership of 115. Seventh District had most gain in membership in old clubs. First District came second.

Our theme for the administration has been Building the Federation of Tomorrow. We have had a five point program. 1. Keep all old clubs; 2. Keep memberships in clubs filled; 3. Get new clubs; 4. Organize junior clubs; 5. Sponsor sub-junior clubs. This year we stressed the payment of dues early that our GFWC dues would be paid on time.

The year was saddened by the death of two of our district presidents in one week. Mrs. J. W. Moore, president of the Seventh District was ill for several months. Mrs. O. N. Greene, president of the Sixth District went to her bed on Saturday evening persumably in good health. She passed peacefully into her last sleep. Her work was faithfully performed. She had prepared for her conventions and her talk was given by Mrs. Fred Cossairt who took up the duties of office immediately. A memorial was held for the two presidents at the district presidents' luncheon at the convention.

Third Vice-President

MRS. HAROLD F. ZANGER, Winamac

Again, I have been given the honor of presenting the report of your Third Vice-President. Immediately after the convention, Mrs. Jaqua and the executive board asked me to complete the unexpired term of Hazel Agnew Dilts. It has been a real joy to work with the Juniors and with the fine District Junior Chairmen. The measure of success attained can be attributed only to the fine cooperation they have given me. I hereby humbly

THE INDIANA FEDERATION OF CLUBS

present for your consideration Junior achievements for 1940-41.

This has been a first year for several Junior activities. Our first autumn Pow-wow in Junior Club history was held October 12 at the Winamac National Park. The purpose of the meeting was to seek inspiration for club activities. The 150 Juniors attending requested that this be an annual event.

The November issue of the Clubwoman magazine was our first Junior issue. It gave a detailed account of the activities of Junior Club Women.

Our Junior Project "Contribute to the Jubilee Travel Fund so that Indiana may have a delegate to the G. F. W. C. Convention," has been completed. In this we have tripled our aim and are sending three delegates to Atlantic City. This was made possible from contributions from various clubs to the travel fund and from the sale of "Date Booklets." These were published by the Pulaski County Democrat at a special price as a courtesy to your Junior Chairman and the sales netted approximately \$100.00.

Indiana has had a definite Junior program. This embodied a two-fold objective. For study—Safety, your problem and mine. For a project—each Junior observed the following code, "I will do my part to help reduce the number of accidents this year."

Our Junior Clubs are cooperating in all I. F. C. and G. F. W. C. aims, including major activities of philanthropic work, supporting all movements that tend to improve health, education, welfare and happiness to others. More than a thousand dollars was raised by various clubs for this work.

It is very evident that the Junior organization is going forward. Indiana has ten Junior Clubs and nine new Sub-Junior Clubs.

I have attended all executive board meetings, the mid-winter council meeting and as many others as possible.

It has been a delightful privilege to have been your Junior Chairman again this year, and the contacts I have made and the friendships formed shall ever be among my most cherished memories. See also Junior Report.

Recording Secretary

MRS. W. H. LYKINS, Covington

For the past three years it has been my privilege to serve as Recording Secretary of the Indiana Federation of Clubs. To one who records the proceedings and accomplishments of an organization comes a deeper understanding and a keener appreciation of that organization and of its work. There comes, too, a feeling of pride, as well as of responsibility, in making for all time a record of those proceedings.

THE INDIANA FEDERATION OF CLUBS

Minutes of each convention, advisory board and executive committee meeting have been written. A copy of the minutes of each executive committee meeting has been sent to each elected officer and to the parliamentarian.

Application blanks for fifty-one new clubs have been signed and filed, and the corresponding secretary notified of their acceptance. A yearbook has been mailed to the president of each of these clubs.

All requests and orders for yearbooks have been filled.

Warrants C-1 through C-194 have been received, vouchers made in duplicate, and the original sent to the state treasurer.

At the close of the 1940 State Convention I compiled my portion of the yearbook, prepared the mailing list and addressed the labels for the printer. When this convention closes those of us who prepare the yearbook shall again be at work making for you the 1941-1942 edition. For this task we need your generous co-operation.

Correspondence with clubwomen in various parts of the state has been interesting. An especial pleasure has been to attend forums and institutes, and club, country and district meetings over the state, and to become personally acquainted with Indiana clubwomen, many of whom I felt I had previously known through correspondence.

It has been a joy to work with the members of the executive committee and to experience that mutual helpfulness which is one of the secrets of the power and success of the Federation.

To each and every officer and clubwoman I express my appreciation for co-operation and kindness during the three years of my service.

Board concerning the Indiana Clubwoman Magazine, beginning with Mrs. Dieter's request for a conference to discuss her proposed management of the Magazine, and the discussion at the April Board meeting, through the Wawasee meeting, and the action taken at Lake James to release Mrs. Dieter. She reviewed the controversy with Mrs. Dieter over her release. After it was voted at Lake James to give the advertising managership to Mrs. Everett Moore, Mrs. Van Dyke wrote to Mrs. Moore, concerning the managership, which she was to undertake till October 1. No contract was made. Later at the suggestion of Mrs. Jaqua, Mrs. Moore met with Mr. Paul Richey, an advertising expert, to discuss possible methods for the magazine. Purchase of an Indiana flag was discussed. Mrs. Howarth said that the price given by Mrs. Mildred Thompson of \$20.00 for flag without fringe was the best price received, and recommended that the flag be purchased of Mrs. Thompson. Mrs. Howarth was asked to obtain from Mrs. Thompson the price of fringe. She was also asked to write to Mrs. Edna Pauley, 1024 North Olney St., Indianapolis, for flag prices.

ance at numerous meetings including the Hoosier Salon Luncheon in Chicago.

Mrs. Ahlgren presented the following recommendations from the joint meeting of district presidents and state department chairmen held that morning by herself and Mrs. Keenan:

THE INDIANA FEDERATION OF CLUBS

11.—A state chairman for Safety in the Home be placed under Public Safety with one set of district chairmen for both.

The Parliamentarian advised that the board take action on these recommendations. Mrs. Van Dyke moved, Mrs. Allen seconded, that the board approve these recommended changes, and that district appointments be made according to this suggested outline. Motion carried.

The President recommended that in the next state year-book a list of all G. F. W. C. department, division and committee chairmen be added following the page of G. F. W. C. officers. Consent was given to do this.

Mrs. Edwin I. Poston, in her report, spoke of the War Service Fund collected during the last war by the General Federation. The money is still in the General Federation and is used for Americanization and international relations work.

Mrs. Poston stated that the G. F. W. C. board meeting was one of great importance and inspiration, and she spoke of the desire of the women to have a vital part in serving the country. The importance of teaching Spanish and Portuguese in the public schools was stressed.

Mrs. Poston reported that \$20.00 had been given the G. F. W. C. by the president and the director, for the I. F. C. A personal gift of \$5.00 was made by Mrs. Fred Bell, and one of \$10.00, honoring Mrs. Poston, by Mrs. Edwin F. Miller.

A question by Mrs. Allen brought out the point that half the Foundation Fund goes to the General Federation and half stays in the Indiana Federation.

The point was brought out during Mrs. Poston's report that since the I. F. C. convention in 1941 would precede the General Federation Triennial the present president and G. F. W. C. director would go out of office without ever having represented the I. F. C. at a triennial, in their present capacities. The suggestion was made that the outgoing president, director and third vice-president make the reports for the I. F. C. at the triennial and that the incoming president attend with expenses paid by the I. F. C.

After some discussion it was moved by Mrs. Van Dyke, seconded by Mrs. Allen, that when the Indiana state convention precedes the triennial convention of the G. F. W. C., the outgoing president, director, and third vice-president of the I. F. C. shall attend the triennial in the capacities of president, director

THE INDIANA FEDERATION OF CLUBS

and third vice-president, making their reports of work done in Indiana; and further that transportation to the triennial for the incoming president of the I. F. C. be paid. Motion carried.

The Treasurer, Mrs. W. C. Allen, made a financial statement, reporting the amount in each separate fund.

Mrs. George A. Van Dyke, Chairman of Trustees, made a financial report on the Clubwoman and on I. F. C. investments and expenditures.

The question was raised and discussed as to whom to send lists of clubs whose dues were unpaid. Consent was given that the following method, formerly used, be re-employed: The state treasurer shall make four copies of each list. She shall send one copy to each county and to each district president. The other two copies she shall send to the chairman of trustees who shall send one copy to each county and to each district treasurer.

Mrs. John Harvey of West Virginia, former recording secretary of the General Federation, and present in the Claypool for the meeting of the Woman's Field Army, was presented to the Board. Mrs. Harvey spoke briefly of world problems and of women's part in their solution. "The Federation," she said, "is sustaining a cultural and humanitarian side of life which we must not let go."

It was moved by Mrs. Howarth, seconded by Mrs. Keenan, that Mrs. Howarth send a post card to each club requesting the purchase of a book for this purpose. At Mrs. Baum's suggestion the motion was amended to include the purchase of a book by each public library. The motion was amended and carried.

Mrs. Howarth then reported on prices of Indiana flags. The lowest price received was that of Mrs. Thompson of Mooresville,—\$18.75 for flag, including fringe, staff, and iron base. Discussion followed as to type of flag desired, whether with painted or appliqued emblem. Further investigation was to be made before purchase of the flag.

A request was read from Mrs. Oran Ross, Resolutions Chairman, for resolutions for state convention.

With the First Vice-President, Mrs. Oscar A. Ahlgren, presiding, the president, Mrs. George W. Jaqua, made her report. Mrs. Jaqua reported speaking engagements and attendance at many meetings, forums and conferences. She spoke of the difficulty of formulating a federation program flexible to meet the changing demands of the world situation.

At the January Board meeting of the General Federation, Mrs. Jaqua said, the seriousness of the world situation was emphasized. Addresses at the meeting were subordinate to discussion periods. Mrs. Jaqua gave two statements of policy from the meeting, also mentioned by Mrs. Poston,—(1) Inclusion of Spanish and Portuguese in the high school curriculum, together with courses in Latin-American History and Culture. (2) Aid in the form of credit, ships, munitions and materials to nations defending their independence against the threat of totalitarianism. Mrs. Jaqua moved, Mrs. Lykins seconded, that the I. F. C. Since this is the legal way to lobby, it was moved by Mrs. Ahlgren, seconded by Mrs. Allen, that the I. F. C. register in the name of Mrs. Smith. Motion carried.

At the public hearing of the local option bill Mrs. Smith had spoken in its favor.

A letter was read asking that the I. F. C. send an urgent request that the welfare bills be brought out of committee and given immediate action. Motion carried. As need for further information on these bills was felt, Mrs. Rumpler was asked to contact Mr. Howard Myer, and report information received to Mrs. Smith.

THE INDIANA FEDERATION OF CLUBS

Mrs. Smith spoke of a bill to create a new state board of education with four members appointed by the governor and four by the lieutenant-governor. C.

The stand of the I. F. C. on a bill to provide education for children in tuberculosis sanitariums without additional appropriation, and on a bill concerning tenement houses, was left by consent to the discretion of Mrs. Smith.

Action on the bill for the Friendship Garden in Michigan City was left to the discretion of Mrs. Smith and Mrs. T. E. Bailey.

If all data is given and the club is entitled to membership, the Corresponding Secretary copies the data into a book reserved for the purpose, signs the blanks and forwards it, with the check, to the Treasurer, who copies the data. The blank is then sent to the members of the Membership Committee in the order named—the President, the Second Vice-President, and the Recording Secretary, each one of whom signs the blank.

The Recording Secretary files the blank and the constitution and by-laws of the club and notifies the Corresponding Secretary. The Corresponding Secretary reports the club's admission to membership to the President of the Club, the President of the County Federation and the President of the District Federation.

THE INDIANA FEDERATION OF CLUBS

Corresponding Secretary

MRS. R. O. CRAMER, Sullivan

It has been a wonderful privilege to serve you as your Corresponding Secretary the past two years.

Meeting with our splendid officers in executive meetings is indeed a revelation and inspiration. The scope of the Federation, its influence and its responsibilities have made me most appreciative of the intelligent and sincere women who guide our Federation activities and with whom I have had the honor and pleasure of working with these past two years.

To our gracious and lovely President I want to express my grateful thanks for her splendid help. To each and every member of the Executive Committee I want to express my appreciation for their lovely co-operation. And as my term of office closes I wish to express to all fellow members in Federation my sincere thanks for the honor of this office.

Many very fine, attractive programs have been sent me and they were on exhibition at the state convention.

The official directory has been compiled for the Year Book and I want to thank the District Presidents for their co-operation and fine work in assisting me.

Treasurer's Report

MRS. WALTER C. ALLEN, Fort Wayne

A detailed report of the Treasurer will be found in the Auditor's report which is published in the year book.

Dues have been received from 547 Universal Clubs representing 16,645 members, 32 affiliate clubs and 44 Sub-Junior Clubs.

Receipts were written in triplicate form for all money received, and all checks issued were counter-signed by the Chairman of Trustees. Three rebates were issued during the year.

The work of the Treasurer is very exacting and requires many hours of labor and much correspondence is involved.

The cooperation of District and County Presidents in getting dues paid earlier was much appreciated.

It is earnestly hoped that each club woman will acquaint herself with the finances of the Federation.

It has been a joy and a real pleasure to serve you.

INDIANA FEDERATION OF CLUBS

REPORT OF THE CHAIRMAN OF TRUSTEES

At the close of the 1940 convention at the Spink Wawasee Hotel at Lake Wawasee, the trustees met to elect officers for the ensuing year. Mrs. Geo. A. Van Dyke was elected Chairman, Mrs. J. H. Howarth, Secretary, and Mrs. Geo. Baum was welcomed as Junior Trustee.

The first regular meeting of the trustees was held preceding the Executive Board meeting at Potawatomie Inn, Lake James, at 10 a. m., July 1st. The entire time was taken up with the discussion of the budget. The budget was later presented to the Executive Board and approved. The estimated income from all sources, was \$11,900.00, and the estimated expenditures, \$10,589.00, leaving \$201.00 for incidentals.

THE INDIANA FEDERATION OF CLUBS

Following the meeting of the Executive Board at Lake James, when new arrangements were agreed upon for publishing the Clubwoman magazine, the advertising was given to Mrs. Everett Moore on a 50% basis. The magazine was to be published monthly on or near the 15th of the month. Mrs. Nettie A. Downey was retained as Editor and Mrs. Fred B. Bell was made Business Manager. The 5c per capita special fund was allotted for use in the expense of the magazine. Later in the fall after discussion with Mrs. Moore, the Trustees decided to place the advertising for the remainder of the year with the E. C. Saunders Publishing Company of Indianapolis, as it had been before.

Since the 1940 convention was held in June and the 1941 convention was placed in April this report only covers a ten months' period. Following is cost of magazine for ten months.

At the close of last year, bonds to the amount of \$3,000.00 of the Northern Indiana Public Service Co., and a \$50.00 Home Owners Bond, were called. This was added to the savings on deposit in the Fletcher Trust Co. In July \$3,000.00 of this was invested in the Railroad Men's Building & Loan Co., paying 3%, but shortly after the interest was cut to 2½%. In December \$3,000.00, which had accumulated in the checking account of the Ft. Wayne Bank was withdrawn and invested in the Fletcher Avenue Savings & Loan Association. This draws 3½%. This seemed to be the best investment we could find after careful investigation.

The Trustees have attended to all routine business. Vouchers C-1 to C-198 have been written.

A detailed report and list of securities will be shown in the Auditor's report.

THE INDIANA FEDERATION OF CLUBS

REPORT OF GENERAL FEDERATION DIRECTOR

MRS. EDWIN I. POSTON, Martinsville

The Golden Jubilee Celebration with its pageantry and historical significance has imposed added duties to the office of Indiana's director; on the other hand, much has been gained by serving during this climatic period of progress of the GFWC.

In interest of this office, your director has attended all meetings of the executive committee of Indiana Federation of Clubs, as well as many District, County, and individual club meetings; the January councils of GFWC at Washington, D. C.; the GFWC council at Milwaukee; the Triennial at Atlantic City; and the post-convention tea given by the Sorosis Club at Rockefeller Center, New York.

Special mention is given to the pageant, "The Long Path," which portrayed the progress of women. Your director represented the Minerva Club of New Harmony in Episode 6, which was Indiana's special contribution under the direction of Mrs. Fred L. Pettijohn, drama chairman of Indiana.

As chairman of the General Federation Committee on Institutes, I took part on the "Committees at Work" program at Washington, D. C., in the years 1940-'41; conducted institutes at Milwaukee and Atlantic City, at which a number of other Indiana club women participated, and conducted an Institute at the Ohio State Convention.

The promotion of subscriptions to the Club Woman GFWC was another duty of your director, made more important because of the Golden Jubilee Contest.

Letters urging the Indiana club women to increase their subscriptions to the GFWC magazine were sent to federated club women over your director's signature. Mrs. Louis Kruger, Seventh District chairman, was awarded the book "What Makes You Think So," by Vella Winner, in addition to a

THE INDIANA FEDERATION OF CLUBS

cash prize (\$2.50) for the largest number of subscriptions. Mrs. J. W. Kirkpatrick, Eighth District, received second prize, \$2.50.

In our own state, your director has attended the Indiana Committee on National Defense which is devoted to furthering aid to the Allies; conference to revitalize our American citizenship and to determine a practical program; Bundles for Britain meeting; gave a tea to aid this cause; served as member of Indiana Traffic Safety Council; was member of Pan-American Fellowship Committee which selected exchange students for Mexico and the United States and South America; served as director of South-West Region of Women's Committee of Indiana's State Symphony Society; assisted in organizing the Martinsville Unit of Symphony.

Reports of the Foundation Fund and the Golden Jubilee Birthday Parties, which also were in charge of your director, will be found elsewhere in the year book.

As an officer of the Indiana Federation, a wider vision and a deeper understanding of the federation movement has been gained which will be invaluable. It is with the hope that your director has brought this vision to many women who have co-operated with her during this Golden Jubilee Celebration, that she extends hearty greetings to her successor, the incoming Director, Mrs. George W. Jaqua; to the President, Mrs. Oscar A. Ahlgren; and to the membership of the Indiana Federation of Clubs.

THE INDIANA FEDERATION OF CLUBS

THE DISTRICTS

District Reports compiled by Second Vice-President

DUTIES OF DISTRICT PRESIDENTS

The District President is the District Executive. She is the **BALANCE WHEEL**, for on her rests the responsibility for the successful functioning of the County organizations and their work on the one hand, and the State program of work on the other hand. She should read the **YEAR BOOK** carefully and each issue of the "Indiana Club Woman." If in doubt concerning her duties or policies, she should consult the Second Vice-President, who is Chairman of the District Presidents. No outline can cover all the duties which may be asked of the District President. Following are those which are indispensable:

ORGANIZATION. "District Club Federations shall be numbered the same as the several Congressional Districts of the State were, prior to 1930, and include the same Counties." Constitution and By-laws of each District should be kept in harmony with those of the State Federation. At least one annual meeting should be held with regular election of Officers. "Only members of Clubs that are in Universal Membership in the State Federation of Clubs are eligible to the office of District President." District Presidents may be represented by the Vice-Presidents at the State Convention.

COUNTIES. The District President should keep the County organizations of her District in smooth running order. She should know the County Presidents personally; commend their worthwhile activities; urge emphasis among the individual Clubs of all Federation policies; endeavor to enlist their aid in making the District 100% in the payment of State dues before the Annual Convention; encourage universal reading of the "Indiana Club Woman." She should aid the County President in arranging with them a schedule of dates for the County Conventions which should precede the annual State Convention.

EXTENSION. "In counties not organized the District President shall appoint a County President." Every effort should be made to complete the organization by arranging for the Annual Convention and the election of officers as soon as practicable.

The District President should assist County Presidents and District and State Extension Chairmen with Extension

THE INDIANA FEDERATION OF CLUBS

work; encourage unfederated clubs to federate; organize new Clubs; organize Junior Departments of Adult Clubs; furnish the State Chairman of Extension with the name and address of each Club in the District not federated by the State.

CONVENTIONS. District Presidents will make all arrangements for and preside over the annual District Convention. In selecting a date, it should be arranged convenient to the schedule of the State President, who should be invited to attend, her expenses paid and her local entertainment provided. Brief plans of District Officers, County Presidents, and District Department Chairmen should be included on the program.

The District President is a member of the Advisory Board, the Council and the delegate body of the Annual Convention to the Indiana Federation of Clubs. She should plan to attend these meetings, if possible, and especially the Annual Convention, where she gains inspiration for the furtherance of the State work in her District.

DIRECTORY. On or before April 1 of each year, the District President shall compile the District Directory and forward a copy of same to the State Corresponding Secretary. This Directory shall contain for each state federated club:

1. Name and location (town or city) of club.
2. Number of members.
3. Dates of organization and federation (state).
4. Names and addresses of Presidents who will be in office during the year next ensuing.

Directory of the State should include ONLY those clubs which belong to the State and General Federation and must be classified as to membership—Universal, Affiliate or Junior.

DEPARTMENT CHAIRMEN. On or before March 15, each newly elected District President shall recommend to the first vice-president of the Indiana Federation of Clubs, a member for each of the Departments and Divisions of work whom she is willing to recommend as conscientious, co-operative and interested in Federation work; whom she believes to be interested in a particular line of work (stating such definitely) and who will serve, if appointed (consent having been secured in advance).

The District President shall familiarize herself with the duties of Department Chairmen, encourage them to study their particular activity as outlined in recent issues of the "Indiana Club Woman," and give them all possible assistance in promoting these activities in the District.

THE INDIANA FEDERATION OF CLUBS

CLUB WOMAN. A District COLUMN is included in each issue of the Indiana Club Woman. District Presidents will either furnish or have prepared an article containing the NEWS of the District, and forward same to the Second Vice-President, by 15th of each month.

RECORDS AND REPORTS. The District President should keep a record of all the work of the District; prepare an annual report and furnish the Second Vice-President with a type-written copy on or before the Annual Convention; make a complete report of all work accomplished or undertaken, to the incoming President immediately after she takes office.

DUTIES OF COUNTY PRESIDENTS

The County President is the County Executive. She is the KEY to the success of the State Federation. She should read the YEAR BOOK carefully and each issue of the Indiana Club Woman. If in doubt concerning her duties or policies, she should consult her District President or Second Vice-President of the State Federation, who is Chairman of the District and County Presidents. No outline can cover all the duties which may be asked of the County President. Following are those which are indispensable. "The County President shall be a member of a Club in Universal membership." County Presidents may be represented by their Vice-Presidents at the State Convention.

ORGANIZATION. An "Organized County" is one in which there is held an annual convention and regular election of officers. If your county is not organized, this should be accomplished as soon as possible. Two annual meetings are recommended for Counties, one of which may be a Council Meeting. Counties should have Constitution and By-Laws, which are kept in conformity with those of the District and State.

CLUBS. The County President should acquaint herself with the FEDERATED Clubs of her County and visit them when possible; encourage the payment of all Federation dues promptly November 1st; commend their worth-while activities; urge their co-operation with and promotion of all policies of the Federation; encourage their members to subscribe for and read the Indiana Club Woman.

EXTENSION. She should urge unfederated clubs to federate; furnish the District President and the District Extension Chairman with the names and addresses of the Presidents of all Clubs not federated with the District or State. She should organize new Clubs wherever possible, and Junior Departments of Adult Clubs.

THE INDIANA FEDERATION OF CLUBS

CONVENTIONS. County Presidents will make all arrangements for and preside over the annual COUNTY Convention. In selecting a date for this Convention it should be chosen in advance of the State Convention and at a time suited to the schedule of the District President, who shall be invited to attend, her expenses paid and her entertainment provided. Brief reports of County Officers, Club Presidents and County Department Chairmen should be heard at the Annual Convention.

All meetings called by the District President should be attended if possible, especially the District Convention, where plans should be made or furnished and all messages, suggestions and instructions conveyed from it.

She is a member of the delegate body of the Council and the Annual Convention of the Indiana Federation of Clubs, and should plan to attend these meetings and gain inspiration for the furtherance of the State work in her County.

DIRECTORY. On or before March 15th of each year, the County President shall compile the County Directory and forward a copy of same to her District President. This Directory shall contain for each federated club:

1. Name and location (town or city) of club.
2. Number of Members.
3. Dates of organization and federation (state).
4. Names and addresses of Presidents and Treasurer who will be in office during the year next ensuing.
5. Clubs must be classified to membership—"Universal, Affiliate, or Junior."

DEPARTMENT CHAIRMEN. On or before July 1st, each newly elected County President shall select her County Department workers for the coming year, notify each that she has been appointed and send their names to the District President. Also send a list of women from the County whom she is willing to recommend as conscientious, co-operative and interested in Federation work; whom she believes to be interested in a particular line of work (stating such definitely) and who will serve (consent having been secured in advance), if they should be appointed as District Department Chairman.

The County President shall familiarize herself with the duties of Department Chairmen, encourage them to study their particular activity as outlined in recent issues of the Indiana Clubwoman, and give them all possible assistance in promot-

THE INDIANA FEDERATION OF CLUBS

ing their particular activities in the County. The Department Chairmen should make their reports at the Annual County Convention.

RECORDS AND REPORTS. The County President should keep a record of all the work of the County; prepare an annual report and furnish the District President with a copy of this report immediately following her County Convention. A copy of this report should also be furnished the newly elected County President at the same time.

AIM. To have "a group of organized women in every part of your County who can be depended upon to promote every interest looking toward the betterment of life."

DUTIES OF CLUB PRESIDENTS

The President of a Federated Club forms the direct contact between her Club and the Federation. She should familiarize herself with the plan of the Federation by reading the Year Book of Indiana Federation of Clubs, the Indiana Clubwoman and the Club Woman, G. F. W. C.

COMMITTEES. In so far as it is practicable the Club President should appoint Committees in her Club corresponding to those in the Federation. In Clubs of small membership two or three Departments of work may be cared for by the same Committee. These Committees should study their Departments and be ready at all times to present interesting reports to the Club. The President should give time on Club programs for these reports in order that Club Members may be informed regarding Federation activities. A good plan is to use Federation Items as roll call responses.

CONVENTION. The Club President should attend County, District and State Federation Conventions and the County Council Meetings so as to receive help and inspiration for her work. The Club President is in a position to do much to shape the policy of her Club and the Club looks to her for direction. The Club President should be sure that she and the other delegates express the sentiment of her Club when voting in Convention. Resolutions passed by accredited delegates in Convention become binding upon the Clubs.

It is suggested that every Club observe Federation Day following the annual State Convention.

MEETINGS. The success of a Club Meeting depends most of all upon the presiding officer. The Club President should be prompt and business-like, and always kind. A certain knowledge of parliamentary law will be found helpful. Working with the Program Committee, the Club President will offer

THE INDIANA FEDERATION OF CLUBS

to her Club the best programs possible. Guest speakers should be accorded their rightful time and place on program, even though the business session not be completed.

COMMUNICATIONS. The Club President should bring to the attention of her Club all communications received from the Federation. When reply is asked it should be made as soon as possible.

REPORTS. The Club President is responsible to the President of the County Federation and to the various County Department Chairmen for the report of the Club's activities.

DIRECTORY. The Club President should report as early as possible, on blanks furnished by the State Federation, the names of Club Officers for the following year, number of members in Club and other data. Blanks should be returned to the County Federation President by March 10th.

ELECTIONS. The Federation urges that Club elections be held in January.

DUES. The Club President should see that the Club's dues are sent to the Treasurer of the State Federation in November. Clubs will pay dues on number of members reported on Blue Blanks. The number recorded in the State Directory is the number on which dues are paid.

YEAR BOOKS. Club Presidents should see that the Club's Year Book is sent to the President and to the Corresponding Secretary of the State Federation, the President of the District and County Federation, and to the Extension Division of Indiana University. Year Books should also be sent to the State Federation's representatives on the Indianapolis newspapers and to the local newspaper.

The General Federation requests that all Club Year Books be in uniform size, 5½x8½ inches, so as to facilitate filing. Year Books should contain lists of Officers of the Federation.

PUBLICITY. Club Presidents are urged to keep the work of their Clubs before the public through the local press. The Club Press Chairman should send reports to the County Federation Chairman of Press and Publicity and to the Federation's representatives on the Indianapolis newspapers. Outstanding events should be reported to the State Federation Chairman of Press and Publicity.

Slogan: Stand faithfully at the Home Base.

Theme: Building the Federation of Tomorrow.

Projects: Five point program: American Citizenship, American Home, Public Welfare, Club Extension, Clubwoman Magazine. Blind Sales and Memorial are always stressed in this district.

By standing at the Home Base we can help our youth. The youth of today are the men of tomorrow. Public opinion can be swayed for the right. Let us read and think both sides of every question. Public Welfare can be supported, "Health Defense Is National Defense." Americanism can be practiced. Our churches and religious activities can be supported, Christianity and Democracy are synonymous.

In building a Federation for tomorrow we can build leadership; educate women to think for themselves and to take their places in civic affairs; form an organization with a voice for better things; be alive to the topics of the day.

Reports show every county has had work in all departments. Rush reports an Art Week with a climax of a public Art Meeting, a local son and his wife giving the program. Blind Sales were \$345.50. Henry is always to be depended upon for district work; departments complete, health projects first, Blind Sales were \$340.27, cooperation one hundred percent. Wayne's slogan, "All Clubs for Federation, Federation for All," was in evidence at the convention; reports on all departments were complete; four subscriptions for the Readers' Digest in Spanish were sent to South America, speakers on international relations reported. Hancock has regular institutes and forums on all departments;

THE INDIANA FEDERATION OF CLUBS

Blind Sales were \$327.09, Red Cross and T. B. Seal sale supported. Fayette stresses Character Education, Public Welfare, Fine Arts and Civic Projects.

We feel cooperation has been the key note in the district; held a district convention, presidents' meeting, two council meetings, Art Festival, seven county conventions, most of our expected members attended the spring board meeting; supported Junior Projects, Junior Coterie placed second in the state program contest.

Sixth District lost a leader, friend, an example of a christian life when our beloved Mrs. Greene was taken from us. We could not grieve because we knew she was released from the strife and worries of this life of which she was deeply concerned. With her family the club women deeply miss her.

SEVENTH DISTRICT

Mrs. Frank A. Symmes, Indianapolis, President

Theme: Accepting Our Responsibilities.

Since November, 1940, Seventh District has put into practice the theme of the State Federation. Accepting our responsibilities seemed a fitting theme for us since we had to take over the work after our late president, Mrs. Moore, became too ill to assume the responsibilities. Each member of the board put a shoulder to the wheel and we have worked in fine harmony to bring the work up to standard.

Our programs have been outstanding, four of them forums, one on Education, another on Women in Industry and one in which our department chairman presented the work of the department, and Legislation.

We, in the Seventh District, are fortunate in having the legislators, who are always glad to appear on our legislative program during the Legislature, to discuss the bills in which they are interested.

One of the highlights of our club year was the Hoosier Salon, which is sponsored by the Woman's Department Club each year. This event is becoming more popular each year and creates a great interest in the district since the Department Club invites the club women of Seventh District to act as hostesses for different days during the display. This year three pictures were sold.

Our chairman of fine arts and her committee arranged a one day program. It consisted of book talks, a pageant and a playlet on parliamentary law.

We are very proud of our District Chorus. They are to sing

THE INDIANA FEDERATION OF CLUBS

at the National Convention in Atlantic City in May and they have been very busy raising money for expenses for this event.

Sixteen clubs have been accepted into Universal membership. Some of these were reported for the district last year but had not yet become members of the state.

Our district women are working with the Woman's Field Army for the Cause and Cure of Cancer.

We took part in selling tickets for the President's birthday parties for the help of infantile paralysis victims.

Three of our women head committees for Consumer Education, cooperating with the Better Business Bureau, and many fine institutes have been given and great interest is shown in this line of activity.

Reports from the Departments and Committees follow: American Citizenship, 29 hours, \$135.00; American Home, 18 hours, \$50.50; Art—Penny Art, 186 hours, \$270.00; Clubwoman Magazine, 169 subscriptions; Public Welfare, 1725 hours, secured papers and books for Fort Harrison, \$10,906.56; Conservation, 5 hours, \$200.00; Cooperation for the Blind, 13 hours, \$1,242.25; Education and Student Loan, \$4,387.89; Epsilon Sigma Omicron, 4 clubs; Foundation Fund and Birthday Parties, \$85.00; Forums Institute, 199 programs; International Relations, 26 hours, \$50.00; Junior Club Activities, \$156.55; Legislation, 8 programs; Literature and Drama, 96 programs, \$576.65; Music, 87¼ hours, \$201.78; Press and Publicity, 68 press notices and monthly news reel bulletin, \$1.80; Motion Pictures, 1 program; Reciprocity and Exchange Programs, 32 programs; Urban Rural Cooperation, 1 program and 1 broadcast; Radio Participation, 15 programs.

At the state convention the Seventh District received prize for most new clubs; most junior clubs; most increase in membership in old clubs; Woman's Department Club received prize for largest contribution to birthday party fund. Prize for largest Penny Art fund; prize for most subscriptions to G. F. W. C. magazine.

EIGHTH DISTRICT

Mrs. Frank Waldo, Anderson, President

Eighth District has completed another year of fine federation work. We have earnestly endeavored to carry out the Federation goals and our district theme: "A Oneness of Purpose Toward a Goal of Character, Culture, and Citizenship Through Club Federation."

Two well attended and interesting district council meetings

THE INDIANA FEDERATION OF CLUBS

were held. One June 10th at the Y. W. C. A., Muncie, where plans for the year's work were outlined and discussed and a pre-convention council meeting at my home in Anderson. This was a delightful fellowship luncheon where the district convention was planned.

Five counties being well represented some very helpful discussions were participated in by the officers and district chairman which inspired much interest and enthusiasm.

District Convention at Bluffton, October 11, 1940, State Forest Lodge was a fine meeting, with Wells county as hostess. Mrs. Horace P. Richie, corresponding secretary of G. F. W. C., Mrs. George Jaqua, state president of I. F. C., and Mrs. W. D. Keenan, second vice-president of I. F. C., were interesting speakers on timely subjects and Federation work. The district has forty-five clubs, losing three and gaining one, The Frudian Club in Anderson.

The District Fine Arts Festival, held at Recital Hall, Ball College, April 2, 1941, with Mrs. W. D. Ramsey, program chairman was a most enjoyable and inspiring meeting; a fine program followed by a talk on art by Prof. Brown, before his conducted tour through the galleries where we viewed the beautiful paintings and pieces of sculpture and other works of art. This is an annual project of the Eighth District and a great help in the promotion of our cultural interests.

District president attended State Convention, Wawasee; National Convention, Milwaukee, Wis.; District Convention at Bluffton; five county conventions; Club Institute, North Manchester; visited many clubs; participated in one 15 minute radio broadcast from WLBC, Muncie, subject, "American Home," and many other club activities.

All counties contributed to Penny Art Fund, totaling about \$14.00. Mrs. Earl Davis reported memorial fund for the blind, Randolph, \$22.00; Delaware, \$16.00; Madison, \$11.00; Wells, \$2.00; totaling \$51.00. Co-operation for the Blind from five counties totaled \$925.26.

Delaware stressed Public Welfare and Health through educational and radio programs and gave generously to Venereal Clinic; National Guard, Recreation Fund; Y. W. C. A.; and needy families; planted trees and many worthwhile activities in Art and other fields of service.

Madison county emphasized Welfare work in aiding Ella B. Kehrer hospital and co-operating in showers; Red Cross and other drives, besides the many club projects contributing to Federation work.

The Art Club, 100% for Club Magazine.

Jay county stressed roadside beautification. Wells county

THE INDIANA FEDERATION OF CLUBS

has promoted Federation in a fine way with many cultural programs in their clubs as well as civic work. Adams county theme, "American Citizenship" has been emphasized and promoted through many large gifts, for civic and philanthropic service and obtained guest speakers, and had Art Festival. Randolph county led the district in contributions to Blind work and has given to Musical Penny and Art Fund plus many other worthwhile achievements.

NINTH DISTRICT

Mrs. Alden Baker, Westfield, President

Ninth District activities began with council meeting at Westfield M. E. church, almost 100% attendance. The keynote "Looking To a Greater Vision," and the slogan, "Making Democracy Work by Assuming Our Responsibility as Citizens," was adopted. County presidents announced their projects as suited to their communities. They were urged to include, "Extension" and "Clubwoman Subscription." A department chairman council was held at the home of the first vice-president.

When the District Convention was held at Tipton in the Fall our "Vision" was already translated into activities.

The eight counties held enthusiastic county conventions this Spring. Much interest was shown and splendid reports given by department chairmen. The district 5-cent project, clubs to give 5 cents per capita, to be used for Student Loan and Conservation, was almost 100%.

TWELFTH DISTRICT

Mrs. Clinton Bloom, Albion, President

Twelfth District projects for this year were Club Extension and the Indiana Clubwoman.

We were able to carry out our extension program to the addition of four new Universal Clubs, one affiliate, one new Sub-Junior and one came into District Federation.

Our work with the Clubwoman has not been so marked. We

THE INDIANA FEDERATION OF CLUBS

have only two or three clubs in the district that are 100% clubs. The total number of subscriptions reported by all counties is 197.

The clubs in the district did some work in most every department listed on the Blue Blank. The two exceptions were "Student Pilgrimages and the Forest Memorial Fund." A few of the departments had very little time given to them, just an hour or two. Literature and Drama led in number of hours spent. Music and International Relations tied for second place. American Citizenship was third and American Home and Conservation almost tied for fourth place. The Conservation department reports the planting of some 300 trees besides flowers for beautifying home towns.

The different counties reported the holding of 199 Forums and Institutes, the reading of 158 books and 54 original poems. They contributed splendidly toward all things sponsored by the Federation. A total of \$1,679.73 was spent in the district for Public Welfare; Student Loan Foundation Fund; International Relations; Junior Club Activities; Cooperation for the Blind and the Penny Art Fund. Cooperation for the Blind led with an expenditure of \$910.01.

During the year the district held its annual Council Meeting in August, its District Federation Meeting in October with our State President, Mrs. Jaqua, and our Second Vice-President, Mrs. Keenan, to speak to us. We also had with us Mrs. Horace Richey, National Secretary, who gave an interesting and instructive address. Our Fine Arts Festival was held in November. A goodly number attended and there were fine displays of every kind, and a very interesting and worthwhile program was given. All counties but one attended and aided with the program.

I attended all the county meetings this spring and gave a short talk which I called, "We, the Women." It was seemingly very well received in all counties. We had a goodly attendance at all meetings but one. That day happened to be rainy and quite disagreeable.

The programs at all meetings were very timely and all reports showed splendid cooperation and active interest. Three county presidents carry over for another year, and three counties have new presidents.

As a whole, I feel, as I believe most of the club women do, that it has been a profitable club year.

THE INDIANA FEDERATION OF CLUBS

THIRTEENTH DISTRICT

Mrs. Arden Hay, Hanna, President

"Be ready unto every good work," our theme, was exemplified in our year's work.

At the district meeting held at Progress Club in South Bend our seven county presidents presented a "Peace Parley," each president giving the thoughts "On Peace" of a philosopher or leading person from one of the great countries of the world. It went over big. The departments were grouped and these groups presented their work with posters, institutes, plays, and demonstrations.

Mrs. Leiser, American Home District chairman, wrote and gave play on same, intriguingly combining all the divisions of the department.

A major project in LaPorte county was the purchasing of an iron lung for the county. \$1,312.67 raised in six months.

Over \$1000.00 for Public Welfare in the district. Blind Sales reached a new high—\$2,516.71. Memorial Fund \$43.80. Penny Art Fund more than doubled its quota. Eight clubs 100% for Clubwoman, \$309.50 for subscriptions. A goodly number, at the old club rate, do not count in the contest.

Fifty-one hours on gardening, planted 558 trees, 1430 shrubs and 8681 bulbs. \$124 reported for Conservation Forest Fund. \$32.75 for Memorial. Student Loan \$236.50. Twenty-five Foundation Fund parties and \$64.50 for same and 107 on honor roll. Institutes growing in popularity—excellent method to give to the most timid member, chance of participation.

International relations constantly in our minds, 336 hours; radio programs 452; lectures attended 573—money for speakers and welfare.

Starke county is bringing their younger women into real participation in club work.

Goshen Woman's Club largest number of new members, 23; Michigan City Women's Club, second; St. Joe county, two new clubs.

THE INDIANA FEDERATION OF CLUBS

Flag displayed and assembly singing at greater number of clubs. 119½ hours to Citizenship. American Home 258½ hours. Art exhibits 24 hours; reported 210 on Art. Many small Art exhibits where many local women exhibited.

Two hundred seventy-four original poems submitted at the Poetry Contest by Progress Club.

The Public Health nurses are invited each year to the club meetings in LaPorte county for better cooperation. From the clubs and other organizations, a lay advisory council, to the public health work, was formed.

Mrs. Sadie Dunbar spoke at a huge gathering in South Bend for the anti-tuberculosis society.

The State Legislature convening, made great interest—one department chairman spent two weeks at the Legislature.

Marshall county largest convention.

Elkhart county interested in a full Federation program.

Our district lies so near Chicago many attend Hoosier Salon. Hearty thanks, friends of Thirteenth District, for hearty cooperation.

THE INDIANA FEDERATION OF CLUBS

DEPARTMENTS AND COMMITTEES

DUTIES OF DEPARTMENT, DIVISION AND COMMITTEE CHAIRMEN

It shall be the duty of every State, District and County Department, Division and Committee Chairman, immediately, on receiving notice of her appointment, to inform herself as to the program of working being promoted by our Federation. She should read the Year Book; procure and study all available material from General Federation Headquarters (1734 N. Street, N. W., Washington, D. C.); especially should she study the pages pertaining to her respective activity in recent issues of *The Indiana Clubwoman*. Every issue in our magazine carries larger and more far-reaching messages in its printed pages than could possibly be carried by letter. Read them as though they were addressed to you personally.) Preparation should include also, a study of the geographical area for which appointment has been accepted, and a conference with public officials or other persons particularly interested in the same line of work.

After this comprehensive study, which should be made as quickly as possible, each Chairman will be prepared for the instructions pertaining to the Federation program that will come to her from her superior officer. This she should harmonize with the Clubs of her community, with public officials, with the needs of her locality, and then proceed to work with all her ability to accomplish the object. It may be a Public Welfare or Health project that will be made possible through the co-operation of all local welfare agencies; or an Art project promoted by art associations and art lovers of a community; or an Educational project enlisting the interest of schools, libraries and students of all kinds. It may be a Citizenship celebration or a series of International Relations round-table discussions; but whatever phase of Federation work is desired, the Chairman by her knowledge and active interest should be associated in the minds of the community and the club women with that particular thing.

Department, Division and Committee Chairmen should realize that the best possible way to get their information to their co-workers is through the pages of *The Indiana Clubwoman*.

Material for *Clubwoman* from State Department Chairmen must be sent by the 15th of the month to First Vice-President, who is Dean of Departments.

Chairmen should answer letters promptly; seek to know

THE INDIANA FEDERATION OF CLUBS

their co-workers personally; commend the valuable work being done by them and also feel the responsibility to talk about their subject as well as to know it.

Annual report should be made at her respective Convention. Each County Department Chairman shall prepare a written report and forward a copy to her District Department Chairman; each District Department Chairman shall send a copy of her report to her State Department and Division Chairman. State Department and Division Chairmen shall file typewritten copies of their reports (not to exceed 450 words) with the State Recording Secretary, Press and Publicity Chairman, and the First Vice-President on or before the Annual State Convention. All Chairmen shall report to their successors all work undertaken and all work accomplished. Six weeks before National meeting, and also following a State Convention, State Department Chairmen shall report work accomplished to their respective General Federation Chairmen. All literature received by outgoing officer will be turned over to the incoming official, since General Federation literature, particularly, belongs to the office, not the individual. This is in keeping with our Continuation Policy which is being stressed so constantly in our Federation activities.

"It shall be the duty of the Parliamentarian to attend meetings only upon invitation to do so. It shall be the duty of the Parliamentarian to advise the presiding officer, to the end that the rules of the organization shall be obeyed, and to give such other assistance as is required. She never makes a decision, and neither the presiding officer nor the assembly are obliged to accept the ruling of the parliamentarian. She assists, and guides, with information, as unostentatiously as possible."—Mrs. Emma A. Fox, G.F.W.C. Parliamentarian.

American Citizenship

MRS. GEORGE L. RUSSELL, Gary, Chairman

Theme: "OUR AMERICA"—Accepting our citizenship responsibilities as well as our constitutional rights."

The hundreds of post cards, personal letters, requests for program helps and questions on flag etiquette, etc., that have come to the desk of your state chairmen are conclusive proof that the Clubs of Indiana are striving to "accept their citizenship responsibilities."

The hidden activities of subversive elements, the haunting

THE INDIANA FEDERATION OF CLUBS

spectre of war and its horrors, and the growing consciousness that in order to save our democratic form of government we must have a better informed citizenry have all served as incentives to practically every Club to have at least one full program on American Citizenship.

It is impossible in the short space allowed to list all of the fine programs and activities reported. The following district reports can only give the briefest outline of work done.

First—A renewed interest throughout the district in good citizenship with many programs on the subject. Nearly 100% pledge allegiance and display of the flag at all meetings.

Second—Seven Clubs used American Citizenship responses to roll call. Six clubs gave one entire meeting. Knox county reports all clubs have had one or more meetings on Citizenship and one club sponsored an essay contest on Good Citizenship in the high school.

Third—Sullivan, Daviess and Owen counties all chose Americanism as the convention theme. Sullivan county reports one patriotic song composed, two clubs giving five dollar prizes for best essay on American Citizenship and five full club programs on Americanism.

Fourth—Jackson county convention theme was "Patriotism," and the program included a patriotic play, a patriotic luncheon and a pageant on American Citizenship written by the District President. Reports from other parts of the District include programs on "How to Display the Flag," "How Betsy Made the Flag," "Flag Etiquette," "Personal Ideas of Citizenship," "Women As Citizens," "Training for Democracy in the Home," and "The American's Creed and Its Meaning."

Fifth—A successful and well-planned Citizenship Day program was held in Terre Haute at which time Governor M. Clifford Townsend presented citizenship certificates to the new citizens. Pittsboro club wrote and produced a playlet, "Miss Democracy on Trial." Vermillion county held a Citizenship program for aliens. Putnam county set aside three days for Citizenship during which speakers were sent out into the communities and clubwomen assisted the men's organizations in the project. Good publicity throughout county.

Sixth—Four clubs gave prizes each year to the outstanding History student in the community. Hancock county co-operated with other civic organizations in sponsoring a Citizenship night with a guest speaker.

Seventh—Much attention to this department throughout the year. In accord with the resolution favoring a Day of

THE INDIANA FEDERATION OF CLUBS

Prayer for divine guidance for the United States, passed at the last state convention, such a program was held in the World War Memorial. Four hundred persons attended. A combined program of the American Citizenship Department and the International Relations Department on "Our Diplomatic Service" was well attended. A speaker, with wide experience as consul in several countries was the outstanding feature.

The sudden and untimely death of Mrs. Lawrence Orr, the district chairman, closed a life filled with devotion to every interest looking to the betterment of life. She was a loyal citizen and devoted to the interests of her country. The Federation has sustained a great loss in her passing.

Ninth—One Citizenship Day, one Americanism and Golden Jubilee Celebration, two radio broadcasts on American Citizenship. Guest speakers in the district included Howard Meyer, Martin Dies and Ruth Bryan Owen Rhode.

Tenth—Remington Fortnightly Club sponsored an essay contest on "Why I Am Glad to Be An American." Rensselaer club sponsored a contest in the civic classes. Lake county held three Citizenship Day Celebrations, with the one in Gary presenting certificates signed by the Governor, a copy of "The Story of the Constitution," the Flag Code and a flag pin to each twenty-one year old. Patriotic music, the administration of the Oath of Citizenship and a guest speaker made up the program which was attended by five hundred people.

Eleventh—Four clubs report special speakers on American Citizenship. Two clubs joined with the men's groups in sponsoring a Citizenship Week. Other activities included lessons on flag code and a one-day school on International Relations and American Citizenship.

Twelfth—One club devoted the entire year to an All-American program with a special program on "American Youth Faces 1941." Others report an essay contest on National Defense, in the schools; the presentation of the flag code to the Girl Scouts; a study of the Immigration laws; a program on "Our United States and Her Possessions," and another on "Ten Ways American Women Can Aid in National Defense."

Thirteenth—St. Joseph county chose American Citizenship as the project for the year. All clubs in the district held at least one program on the subject. Three clubs respond to roll call with Comments on Citizenship.

The student Pilgrimage, a special project of the State Department was supported by every district in the state.

THE INDIANA FEDERATION OF CLUBS

Two hundred and fifty high school juniors, each one an honor student, and their sponsors made the pilgrimage to the State Capitol on February 4th, where they were greeted by Governor Henry Schricker, and received as guests both in the House of Representatives and the Senate. One student was granted the exceptional privilege of speaking a very few minutes in each House.

Your chairman has kept in close touch with her district chairmen throughout the year and has answered all communications promptly. The enthusiasm shown throughout the state in this work has been an inspiration. She appreciates the co-operation of her vice-chairman, her division chairmen and district chairmen, as well as the membership at large.

Division of Americanization

MRS. ODETTE GLADYS ELWELL, Rushville

The growing importance of Americanizing the many aliens within our state has been realized and the club women have been active in the study of existing conditions and helping in those instances when called upon to do so.

Along with the registration of all Aliens as required by law, many have completed their requirements for full citizenship and have received their final papers. Club women have shown their interest in these services and have been ready with a helping hand.

Now the work of Americanization really begins to make true, loyal law abiding Americans of these new citizens. We must teach them our language, our way of living, our customs and traditions. We must do this in a way that they too will love this Country and feel it is worth living for, worth working for and worth defending. We must all realize that with the privileges we enjoy in America under this government, there are also responsibilities and obligations.

I have had fine reports from the district chairmen showing a growing interest among club women. They reported 209 club programs, 19 club institutes and three county institutes, and responses in many clubs. One chairman sent an original pageant to each club in her district and many programs were built around it.

In St. Joseph County, Club women attended the Naturalization service held there. In Lake county where 1500 new citizens received their papers and took oath, Mrs. George L. Russell, Chairman of Citizenship of I. F. C. gave the address.

This past winter, your chairman joined with other chairmen

THE INDIANA FEDERATION OF CLUBS

of the department at a forum held in Indianapolis, to which the district chairmen were called.

Your chairman has been happy in her duties and privileges of the department and wishes to thank and commend the district and county chairmen as well as all club women for working to make this a profitable year. She wishes to express her appreciation for the helpful suggestions from Mrs. George L. Russell.

Division of Law Observance and Magazines

MRS. CHAS. RITTER, Hartford City, Ind.

In the face of a tense world condition the Division of Law Observance and Magazines has gained in interest by being used on many club programs and in magazines and papers.

Still the many, many traffic accidents and the crowded penal institutions are grim reminders that there is still great need of knowledge of, and respect for, the laws of our country. Good citizenship requires something better and finer, and this can be attained by not only organizations but citizens and club women studying the situation.

All the material available and an institute on Law Observation and Magazines has been sent to the various districts and will produce results.

Copy of interest on the subject has reached over the state through the pages of the Indiana Clubwoman. A plan for clearing the shelves of our book stores of obscene magazines was presented early in the year and reports of good results have been received. Co-operation with other organizations was urged and has been far reaching.

The Division of Law Observance and Magazines requires that we personally accept our responsibility.

American Home

MRS. H. L. SMITH, Bloomington

From every district in the state comes reports on the work of the Home Department. The area of work emphasized varies in different localities with the interest or need that is felt by the groups involved.

Safety in the home has gained such an impetus that often classes are being organized in the schools so as to reach more nearly all families.

Family finance and home budgeting were themes dealt with

THE INDIANA FEDERATION OF CLUBS

by many groups. Usually the discussions reported were of a practical nature adapted to the needs of family life.

There was a distinct gain in the numbers participating in forums and institutes on consumer's problems. A decided trend is seen in the quest for information to enable one to evaluate substitutes now being offered to the consuming public. The use of films, of demonstrations, of speakers was reported. An ever-growing demand is made for popular yet scientifically accurate information on the materials and techniques involved in home-making. There is a conviction that these have a place in the creation of leisure for the homemaker. It cannot be too greatly emphasized that the use of this leisure is the way a home gets its atmosphere, its tone, The woman in the home, the homemaker, makes or mars the home by the vision, the perspective she reveals of life about her.

The chairman of the Family Relationships reports that many more inquiries have come for suggestions for programs than in previous years. The trend has been marked toward greater emphasis on the value of guidance in the spiritual home circle. There is a realization that the average home is the heart of the community. To stress Christianity there is basic for a lasting peace.

Family Finance and Money Management

MRS. EDWARD D. HODGE, Frankfort

Thinking of the magnificent record of our Family Finance Division, I am more of a disposition to admire and to praise the district chairmen for promoting the work of this division of the American Home Department.

At the beginning of the club year 1940-1941 your chairman sent letters to each of the district chairmen with a planned outline offering suggestions in the program of work. Institute outlines, program booklets on "Family Security"; investments and budgeting were all included in the program of work which our national chairman Miss Colie Covington furnished for our use.

In response many letters were received from district chairmen acknowledging receipt of material, and that all literature was passed out to county chairmen. The suggestions offered were given attention, such as: the holding of all day conferences, with local speakers on the program; a lawyer on "Taxes;" a banker on "Investments" and an insurance representative on "Financial Security."

How gratifying to receive such reports from district chairmen with statements such as the following:

THE INDIANA FEDERATION OF CLUBS

First—All clubs have had programs on some phase of Family Finance. Much interest shown in the subject of "Budgeting the Family Income"; "Training Children in the Management of Money"; two programs on "Investments" by local banker; two programs on "Business Knowledge," "Making of Wills" by lawyer.

Second—Three counties report special programs on "Family Finance." Two counties round table discussions on "Fixed Expenses, Debt and Obligations." Many responses on Family Finance.

Third, Fourth, Fifth districts report all literature passed out to county chairmen. Unable to give report until after conventions.

Sixth—Literature was sent to all county chairmen. One all day district institute; one all day county institute; 79 club institutes; nine clubs gave responses with discussion on family finance; 14 clubs gave part time on every program to "Finance."

Seventh, Eighth—Acknowledged the receipt of literature.

Ninth—All literature sent to county chairmen. Twelve programs were given: five Alexander Hamilton "The Great American"; one "Family Security"; one "Orchards on the Budget"; three "Family Finance and Money Management"; one "If I had Four Apples"; one "Economic Security."

Tenth—One hundred sixty-seven cards sent out in regards to program work, all literature was sent to clubs. Sixty-five per cent of the clubs assured me they would use some part of the program.

Eleventh—Fifteen clubs received literature. Five addresses to clubs on "Family Budgeting" to P. T. A. on "Thrift in the Home" P. T. A. "Allowances for School Age Children." The wise use of a little money was learned by the club women in sponsoring free school lunches.

Twelfth—Outlines were sent to all clubs in district, offering many suggestions for the family finance program.

Thirteenth—The new pamphlet on "Family Security" is fine. I want to keep one copy myself to use in future talks. All literature was sent to American Home chairman.

Division of Consumer Education

Mrs. Ernest B. Thompson, Indianapolis, Chairman

Indiana club women have pledged their cooperation with the National Defense Program, and we find as consumers we have

THE INDIANA FEDERATION OF CLUBS

a big job to do—that is to make America strong. According to the number of boys rejected because of lack of proper diet, means we must see that all surpluses of foods are properly distributed. In all parts of Indiana this very thing is being done with the cooperation of women's clubs.

Our theme this year was—The Goal of Cooperation Between Consumers and Business. We find with so many new plastics, fabrics and many other types of merchandise on the market we need to keep informed in order to know how to use them to best advantage.

The clubs in the various districts have held consumer institutes and programs throughout the year, studying the new and old problems of how to get the best value for their money.

Many of the districts haven't sent in definite reports but from the newspaper accounts of club activities and the demand for consumer material they have been making a varied study of consumer problems.

The Fourth District made a splendid report of many institutes and special consumer programs. The Sixth District reported 97 institutes on consumer problems, and the Seventh District reports many consumer programs, with the district participating in the consumer institute sponsored by the Better Business Bureau, Butler, Indiana and Purdue Universities. The Seventh District also assisted the three day consumer institute held in April by the Better Business Bureau and had one consumer program at a district meeting. The Eleventh District sent in a fine report on consumer programs and institutes covering a varied number of subjects which are timely with our National Defense program.

Your chairman cooperated with the Better Business Bureau in planning these institutes. She attended the consumer institute at Indiana University last summer and a great number in the Seventh District. The Customer's Research Committee which was organized a year ago in this division has continued to meet once each month again this year with your president, Mrs. George Jaqua, attending the meetings and contributing much to the meetings. I wish to thank Mrs. Jaqua and all of the ladies who took part in the meetings. Much of the study and discussion was devoted to advertising, comparative prices, better standards and labels with more complete information.

Division of Spiritual Guidance

MRS. CARL J. WEINHARDT, Indianapolis, Chairman

In our club activities we have emphasized what we believe to be our most important study—that of Spiritual Guidance! We

THE INDIANA FEDERATION OF CLUBS

have provided radio programs, club programs, book reviews, pageants, forums, and informal discussions. We have had prayers and devotional services at many club meetings. We have cooperated, wherever possible, with the Federation of Churches, Sunday Schools, Bible Schools, Parent-Teacher Associations, and other groups.

Special recognition should go to two districts—the Fourth and the Sixth. Mrs. H. P. Humphreys, president of the Fourth District, reports annual Christmas and Easter religious pageants written and directed by herself. Candle lighting services for spiritual blessings, red, white and blue petunia gardens (petunias mean, “In Thee We Trust”) responses to roll call on spiritual guidance, distribution of daily prayer cards, assisting in daily vacation Bible Schools and programs and book reviews on religious subjects.

Mrs. Everett Brown of the Sixth District, in addition to many activities in the religious field, reports 340 institutes on spiritual guidance, 288 in Hancock county, 24 in Henry county, 18 in Shelby county and 10 in Rush county. State outlines were distributed, district forums were held and excellent local and state publicity was given spiritual guidance activities in the Sixth District.

My sincere gratitude to those club women who have so faithfully worked with me these past two years.

Division of Family Relationships

MRS. C. M. DICKOVER, Valparaiso, Chairman

I am pleased to report that fine work and much progress has been made in this division in comparison to that of the year previous. My humble plea at the Convention at Wawasee surely bore fruit as there was a decided increase in the demand for literature and for program suggestions far exceeding those of 1939-1940.

This chairman has kept in touch with the national chairman of Family Relationship, attempting to promote the work she recommended; replied to all letters written me and in return suggested programs, institutes and outlines for numerous study groups; wrote a message contributing to one club meeting devoted to Family Relationships; spoke before my own club as to the aims and purposes of this division; and made a contribution to the Indiana Clubwoman.

I express my appreciation to the district chairmen for their splendid cooperation, and particularly to those who sent me finely detailed accounts of the year's work in Family Relationships in their districts. Many have written what an inspiration the Bluebook program outlines have been. The outstanding reports

THE INDIANA FEDERATION OF CLUBS

came from the Fourth and Sixth Districts, the Sixth District having conducted a total of 40 institutes, this not including three counties not yet heard from. The Fourth District studied amongst its groups three interesting subjects, namely: "Improving Methods of Family Control," "What Sort of Home Can We Expect in the America of Tomorrow?" and "Am I a Good Mother?"

May I also express my appreciation to the membership at large as well as to the various officers for their cooperation in bringing Family Relationship to the foreground this year?

"Safety in the Home"

MISS MAY HOBBS, Tipton, Chairman

"Safety in the Home" has a record for 1940 that is regrettable as more persons met death in home accidents in 1940 than in 1939. The increase in Indiana was higher too than the average for the rest of the nation. The first three months of 1941 shows a decrease however over the corresponding months of a year ago. Falls and fires are still the major causes of fatal home accidents. Property loss from fires is also a staggering item and now that we are bending all our energies in defense efforts it is vital to our welfare that we prevent this loss of life and property and waste of industrial efforts in fires that can be prevented. We should be more careful in seeing that roofs and flues of property we own or live in are in good condition and extra careful in any habits that might cause fires.

Surveys of all danger hazards in the home should be made and eliminated if possible and every one made safety conscious and especially people 65 years or more of age should realize that the structure of their bones has changed and falls that in earlier life would have caused no trouble now are very apt to cause serious breaks.

The Juniors have made Safety one of their projects this year and have included safety programs in their club work and it is to be hoped that the Juniors in the future will stress Safety for it is through them and their work that we can hope in the future to lower the death rate and property losses from home accidents.

Excellent reports came in from the First, Second, Third, Fourth, Fifth, Sixth, Seventh, Ninth, Tenth, Eleventh and Twelfth Districts showing that many clubs had held at least one meeting stressing Home Safety. There had been special speakers. Forums, institutes, films and slides used, posters had been made and some surveys made and reported. In the Second District one club had cooperated with the schools and the high school students had conducted a campaign of teaching their parents safety truths and had made a home project of removing

THE INDIANA FEDERATION OF CLUBS

hazards and had produced a number of clever safety slogans.

In Greencastle clubs cooperated in a fine way with the school superintendent in an Educational Safety program. Requests for program material were received from the Eighth and Thirteenth showing that they too had Safety programs.

Reports show that Home Ec clubs of the state were especially active in Safety programs last year and material sent out by Good Housekeeping insurance companies and magazines were used in addition to the sources listed below.

Your state chairman, chairman of GFWC and the National Safety Council, Number 20 N. Wacker Drive, will be glad to help you with program material and suggestions.

Department of Education

MARY L. MATTHEWS, Lafayette

The following reports very briefly tell of the fine work being done by the chairmen in this department. No doubt other good work has been accomplished which has not been reported.

Your chairman wishes to thank all the chairmen in this department, all the district and county chairmen and club women who helped in carrying out the year's program. There should be continued interest in education in these unsettled times and club women should be alert when reductions in budgets for schools, libraries and other programs promoting education in Indiana are proposed.

The following summaries express the interest club women have in education.

Division of Adult Education

MRS. JAMES R. RIGGS, Sullivan, Chairman

Second District—Many fine programs reported. Study of South American Countries, trade relations and our cultural relations. Study of plastics, National Defense, High School classes on National Defense, Forums and many outside speakers.

Fifth District—Splendid programs on Adult Education reported. Several in the E. S. O. reading clubs. Forums, institutes and outside speakers.

Seventh District—Discussions and study of community problems also of National Defense. Many meetings and forums on adult education. Training classes for adults in National Defense.

THE INDIANA FEDERATION OF CLUBS

Ninth District—Study of community needs and the problems of youth. Programs on America Tomorrow, Tuning to the Times, Health and World Peace. Also report several outside speakers.

Tenth District—Fifty-two women are engaged in Study Courses from Indiana University. More than a hundred are enrolled in adult education pertaining to Home Management and Consumer Problems.

Eleventh District—Programs of America past, present and future. National Defense, Relations to Other Americas. Institutes and forums on problems of today. Bible study and appreciation of the arts and classics.

Thirteenth District—Good work reported on all outlines of adult education.

The outline program sent out in September has been used by many of the counties. There is more evidence each year of the growing importance of adult education. I am sorry there were not more reports sent in, for I am sure each district has had programs on adult education.

Epsilon Sigma Omicron

MRS. J. W. SCOTT, Warsaw, Chairman

How true were the words of our I. F. C. President, Mrs. E. N. Canine when, in her message to the federation in 1931 she said, "Education is the background for all, because education is the major concern of our federation, but it must be education that leads to active, effective service." True ten years ago, those words have an imperative significance today. None realize this more than do those who are Reading-With-a-Purpose. Seventy new pledges have enrolled during the past year.

| | |
|---|-----|
| Active enrollments at this time | 194 |
| Number of certificates granted | 92 |
| Number eligible to Alpha Chapter by Reading Courses | 9 |
| Number eligible to Alpha Chapter by Correspondence | 2 |
| Number new members who qualified in 1940 | 4 |
| Total number eligible for Guard | 2 |
| Total number reading for Guard | 16 |

Through a misunderstanding as to the chairmanship there is no report from the First District.

The work done by the chairman of the Second District has

THE INDIANA FEDERATION OF CLUBS

created interest in group organization. Material has been furnished in all counties. Chairman of Third District "contacted each County Club president but has had no report of their success in interesting the women in reading for E. S. O. qualifications."

Progress in the Fourth District in individual work and group organization is reported.

Our Mrs. Cora L. Myers, beloved founder of Epsilon Sigma Omicron, who has had to give up active club work, including District chairmanship of Alpha Chapter in the Fifth District, on account of illness in her home, has an enthusiastic follower in Mrs. William Huggard, Greencastle, who reports splendid work being done by the Greencastle group, and prospects for two new working groups in the District.

The Sixth District reports three as having qualified for membership during the year. Seventh District reports one new member in the Chapter; and these two districts were represented at a Regional E. S. O. meeting held at the home of Mrs. Herman Jones, New Castle, on November 8th.

Eighth District has two new pledges, and a large group of readers, with one eligible to membership this year.

Ninth District reports three eligible which will bring the total membership in the district to forty-three. The most complete and helpful reports received during the year have come from the Ninth, where the work in Adult Education is carried on in a most thorough manner through the Epsilon Sigma Omicron program. The list of county chairmen was complete, information was sent to all, and questionnaires on the work followed. A full report on changes of address, and of members married, or deceased, helps in keeping the membership list up-to-date. A total of forty-six books were reviewed. Art was represented in some form on each of the twenty-seven programs of the Epsilon Sigma Omicron Group of Tipton. Contributions were made to the Penny Art Fund, and to the Library Art Fund, Book Fund, Student Loan Fund, and Aid for the Blind, Red Cross, and Infantile Paralysis Funds, and four books to the Library.

Tenth District progresses, with a number of new pledges, three new members, and two who have qualified for the Guard. Several groups are working.

Eleventh District has a number of new enrollments to report; and this District cooperated with the Twelfth and Thirteenth in a Regional meeting which was held in North Manchester on October 15th.

Twelfth District has two new pledges, and a large number of working members.

Thirteenth has two who have qualified for membership, and one who has read beyond the Guard this year. The Warsaw

THE INDIANA FEDERATION OF CLUBS

Group have contributed to the Penny Art Fund, a Student Loan Fund, the G. F. W. C. Birthday Fund, and presented two books to the Public Library.

Your chairman has made an effort to assist in promoting the work in all districts. Precious friendships have resulted from this experience. For the cooperation which has been given I am sincerely grateful, and, as the responsibility is taken up by the new chairman may the interest in the work prompt each member to have a share in the further development of Epsilon Sigma Omicron.

Alpha Chapter, Epsilon Sigma Omicron

MRS. J. W. SCOTT, Warsaw, Chairman

The Thirteenth Annual State meeting of Alpha Chapter was held during the I. F. C. Convention at the Claypool Hotel, Indianapolis, May 1, 1941.

The business meeting opened at 7:45 a. m., with forty-one members present including Mrs. Fred Bell, national chairman.

Revisions as proposed, on Questions 18, and 42 were passed. Annual reports were given by the chairman and secretary; and resolutions of respect for departed members were presented by Mrs. W. H. Polk. The amount of \$25.00 was reported in the Student Loan Fund, and it was voted to complete the fund to the amount of \$50.00.

Mrs. Robert J. Peters, secretary, reported the two board meetings held, and a third meeting where a quorum was lacking.

Mrs. J. W. Scott, chairman, told of the work during the year toward purposeful living, and reading by method rather than haphazard, and the effort to acquaint the women of I. F. C. with the opportunity offered by Indiana University. Copies of the Call to the Annual Meeting were sent to the 369 members. There were included 225 copies of the Call to the Triennial meeting. Letters, cards, and packets sent out numbered 362, with in-coming mail corresponding. Two Regional meetings were held, with members of five Districts participating. Mileage on out-of-town meetings totaled 1,813 miles and included state, county, and district Conventions, Board meetings and many other club meetings and the Institutes at the Colleges. Three articles were written for the Club Woman. The seventeen new names added to the Membership Roll brings the total of members added during the term of your chairman (3 years) to 62. It was recommended that for each of the 13 Districts the chairman for

THE INDIANA FEDERATION OF CLUBS

Epsilon Sigma Omicron be a member of Alpha Chapter, and that an effort be made to have a member, or pledge to serve in each county.

Indorsement for prospective members of the Executive Committee, from their respective clubs and county and district officers were presented for the following: Mrs. Herman Jones, Mrs. Robert E. Thompson, Mrs. Charles N. Symons, Mrs. Earl C. Byrket, and Mrs. Clifford Breeden. The names of Mrs. W. E. Ketcham and Mrs. Frank A. Symmes were presented from the floor, and all were submitted to the I. F. C. Executive Board, and the name of Mrs. Nelle Brown was added.

Mrs. Robert E. Burke addressed the assembly on the co-operation of the Extension Division in the program of Reading-With-A-Purpose, and explained the object—and value of criticism. The higher development of Alpha Chapter depends upon the progress of the individual member. A number expressed appreciation for help received.

The luncheon, held in the Riley Room, was attended by one hundred members, pledges and guests. The invocation was given by Mrs. John E. Moore. A group of Musical Monologues by Mrs. W. Hutchinson, of Mooreland, first number on the Luncheon program, was followed by the Welcome to the Class of 1941 by your chairman. Responding for the Class, Mrs. Esther Schlemmer graciously accepted the honors and privileges, which belong to active members of Alpha Chapter. Certificates were presented to the members of the class, and two new guard members were introduced.

Mrs. Herman Jones, program chairman, introduced Dean Mary L. Matthews of Purdue University, honorary member of Epsilon Omicron, who gave an inspiring talk in which she stressed the significance of our Honor Society in its relation to the program of E. S. O. in Adult Education. Our thrice Honorary member, Mrs. Felix T. McWhirter, expressed words of encouragement and cheer, and the program closed with the E. S. O. Slogan, and Alpha Chapter entered upon its fourteenth year. Following the pre-Convention report there were two who qualified for membership, and four who—having previously qualified, came into membership. The list (all paid in full) follows:

District Six—Mrs. Harry Patterson, Springport; Mrs. Webster Black, New Castle; Mrs. Cyrus Peckinpough, Middletown; Mrs. Everette Brown, Mooreland.

THE INDIANA FEDERATION OF CLUBS

privately owned nursery schools and one nursery school conducted by the W.P.A. Gibson county reports plans for a more active program next year.

Second District—An Institute on Pre-School Education was sent to each club of Knox county by the county chairman of this division. A story hour was conducted each week in Bicknell for children of pre-school up to the third grade age which was a great success. With the cooperation of the clubwomen of Owen county, the P. T. A. is conducting a campaign to have children who will enter school next year undergo a check-up by the county nurse during the summer and physical defects corrected before the start of the school year.

Fourth District—Letters were sent to the county chairmen urging attention be given to Pre-School Education and a display of posters and material from the National Kindergarten Association was made at the district meeting. No report has been received of actual work done.

Fifth District—A student is conducting a kindergarten in one of the public schools of Putnam county and a nursery school is being sponsored by one of the clubs in cooperation with the W.P.A.

Sixth District—Programs on Pre-School Education have been given by clubs and the importance of this work stressed by the district chairman.

Seventh District—The need of child training in the home, kindergartens, nursery schools, churches and recreation centers has been stressed in programs and by co-operation with other groups promoting child training.

Tenth District—Exhibits of the Holgate Educational Toys have been held. A round-up of pre-school children is planned by Benton county for this summer.

Thirteenth District—The district chairman of this division reports a display of posters and leaflets at the district convention and leaflets sent to all counties.

In the reports that have come to us we find that Pre-School Education is being sponsored by and made a part of the program of the Parent-Teacher Association wherever such an organization exists. We urge all clubwomen to give their loyal support to any group that sponsors such a program in their community.

THE INDIANA FEDERATION OF CLUBS

Division of Character and Citizenship

MRS. EPHRAIM MURMAN, New Castle, Chairman

The districts and counties have done much to promote the work of character building agencies this year.

Some of the districts did not report, but I feel sure they did much work along this line, as individual clubs have written for help.

Character Education week was observed during the week of November 10 to 16. Clubs, schools, and Scout organizations co-operating. Your chairman assisted many clubs over the state in this work. She prepared institutes on Character Education and sent them over the state, and personally conducted some for clubs as guest speaker.

The district reports follow:

Sixth District—The Sixth District has been very active in this work of Character Education. Most all clubs had responses on Character Building, such as aids to good reading, Americanization, and Spiritual Guidance. One club cooperated with the P. T. A. and stressed it in schools, churches, and institutes. Some of the clubs had programs on Bible literature and Religious training.

Seventh District—The thing that is uppermost in the minds of Club Women today is to train the child to be an asset and not a liability:

1. The church to open their doors to the youth. Where religious and Character Education can be carried on.
2. Trained supervision of playgrounds.
3. Business is seeing the need of training schools for educating their employees.

Eleventh District—The Eleventh District has stressed Character Education in sermons and many club programs were entirely on Character Education. The P. T. A. conducted two study groups on parent and adolescent education. This department of education is steadily coming to the front in almost all the clubs of this district.

Twelfth District—All clubs in this district have done a great deal to promote Character Education. Mayor and Park Board Committees urged to employ a full time director for Character Building programs for children and adults. Many good book reviews and club programs were based on Character Education.

Thirteenth District—The Thirteenth District reports programs on Safeguarding Democracy, National Defense, Our Neighbors to the South, Immigration Laws, and Supreme Court.

THE INDIANA FEDERATION OF CLUBS

Division of Youth Cooperation

MRS. VICTOR A. SELBY, Fairmount, Chairman

To clubwomen who treasure the American tradition, no service could be more pleasant than to work with one or more of the National Youth Organizations. Such service is certainly a vital part of our task; let us devote an important part of our time and some of our best effort to making youth strong and proud in their confidence in America's future.

In nearly every Indiana community there are organized groups from one or more of the National Youth Movements. The state has 29 centers where N.Y.A. programs for National Defense are being carried out for young girls.

I urge you to appoint a Youth Cooperation chairman in each district and continue the splendid work you are doing for opportunities are not lacking, the Boy Scouts, Girl Scouts, Allied Youth, Camp Fire Girls, Girl Reserves, 4-H Clubs and many other movements are willing and eager to accept intelligent leaders, in fact they give excellent courses in leadership training.

This is my first opportunity to pass on to you the interesting reports of activity in the Youth Cooperation program.

Second District—Clubs report program on character building, especially for the youth of their community.

Fourth District—Is taking active interest in the nationally known "Columbus Foundation of Youth" organization. It appeals to all young people of that community and would be a splendid program for any district to follow. Moores Hill Woman's Club sponsored Boys' Night, from this party developed a boys' Hobby Club and a Scout Troop. They are sponsored by the Woman's Club. Four clubs had programs on N.Y.A.; one had a speaker and picture from N. Y. A., Indianapolis. Twenty-five dollars was given to Girl Scouts and fifteen dollars to Boy Scouts.

Seventh District—Has seven Youth Cooperation chairmen. With the aid of the Adult Education division, they have made an educational survey of Indianapolis recreation centers, churches and various other groups for young people, especially those above school age. A forum was held, presenting youth problems to Adult Education and National Defense.

Ninth District—Has recognized the influence youth will have in the future, for each county has reported on this division. The Tuesday Evening Club, Zionsville, sponsors Camp Fire Girls. Clinton County has six groups of Girl Scouts, the leaders are Universal Federated Clubwomen. Eighty-eight dollars and fifty cents was contributed to the 4-H Clubs and active interest taken in the Boy Scout drive. Hamilton county has an outstanding report; Youth Cooperation topics studied were "What Can We

THE INDIANA FEDERATION OF CLUBS

Build in Our Children's Lives," "America Tomorrow in Dealing with Youth," (a group Study), "Respect the Law, by Cooperating in Home, School, Church and Clubs," "Youth and World Peace," Forum, "Education in Our Communities." Montgomery county clubs sponsored playgrounds and recreation centers. One club sponsors Boy Scouts and Cub Scouts. Two hundred forty-four dollars and seventy-nine cents have been given to various youth groups.

Tenth District—Youth Cooperation chairman has stressed program and club sponsorship of youth organizations. One noteworthy report is the organization of a Girl Scout group in Fowler.

Eleventh District—All clubs cooperated with youth organizations, held programs and forums. Huntington stressed N. Y. A. program. Logansport clubs are sponsoring amateur radio group, the Dit and Dah Sub-Junior Club. The Women's Department Club, Fairmount, sponsors story telling hour for small children.

Division of Library Service

MRS. DEMPSEY WEBB, Poseyville, Chairman

In spite of the fact that every county in the state except Crawford, has one or more libraries, we still find that twenty-six per cent of the population of Indiana is without library service. New books on education, vocations, popular science, farm interests, art, music, late plays, travel, child study, the home and its interests and biography have all been in active service.

First District—The clubs of First District have either started their club history or added to their scrap book history which was already begun. The scrap book of the Ramblers Club, Mt. Vernon, has been kept by Mrs. Otto Klein since the origin of the club in 1898. The Community club of Cynthiana sponsored a library for the town. Ten clubs have given books or magazines to their libraries and some have sent magazines to army camps. All clubs observed book week in November.

Fourth District—One hundred sixty-four books reviewed. The Indiana Study club of Seymour, Moores Hill Woman's club and Entre Nous of Osgood gave twenty-six books to their libraries. Madison Current Events club displays a picture by an Indiana artist in their library every two weeks. Eleven clubs observed book week in November.

Fifth District—The clubs of Putnam county gave books to their libraries in honor of deceased members. Vermillion county has a county library with branches throughout the townships. "As You Like It" club of Dana has sponsored a series of book

THE INDIANA FEDERATION OF CLUBS

reviews. Vigo county reports many book reviews, original work in story telling and juvenile books.

Eighth District—The divisions of Library Service, Adult Education and E. S. O. have worked together to encourage the use of the public library.

Ninth District—Clinton county reports three copies of "History of the Indiana Federation" placed in libraries.

Tenth District—Tenth District has donated many books and magazines to public libraries and to the underprivileged. The major project of Benton county was "Building up the library of the county infirmary."

Division of Mothercraft

MRS. TED LASHBROOK, Westfield, Chairman

The great purpose of Mothercraft is not simply to train school and college girls in the care of babies, but to educate them in the fundamental needs of personality that builds better homes and better citizens. Mothercraft has endeavored to stress the fact that the physical, mental and spiritual growth of our youth will determine our future civilization and a definite knowledge is necessary to RIGHTLY develop this entire personality of the child.

Your chairman prepared outline for Project Book and mailed 150 reprints, prepared Institute for Juniors, which appeared in Clubwoman magazine. One hundred mailed to clubs and program chairmen. Many requests for Institute as it has been suggested as basis for Junior Program building for Junior clubs entering Indianapolis Star Program contest. EVELYN CRAIG, Vevay, Chairman

Student Loans have made a substantial advance this past year with a total increase in all of our funds of \$1,557.24.

Your chairman has made a check-up of our Loan Funds in the twenty-two colleges of the State holding our funds in trust, and the findings are as follows:

(1). The colleges keep an accurate list of our loan funds, the name and amount, and no funds have been lost during the five years of my chairmanship.

THE INDIANA FEDERATION OF CLUBS

(2). One hundred and thirty-four girls have received help this past year.

Latin American Fellowship

This year we have inaugurated, in cooperation with Indiana University, exchange fellowships, for 1941-42 and 1942-43, for students in western hemisphere countries to be known as the Latin American Fellowship. Clubwomen have for several years declared their interest and approval of the furthering of friendly relations between citizens of North and South America. This form of student loan was felt to have a direct connection with the ideal of such friendships.

Funds for this Fellowship are to be sent to the Student Loan Chairman, but the desire that the amount is for the Fellowship must be stated. The chairman will send the check to the state treasurer after acknowledgment to the club of its receipt and record. The state treasurer will send the fund to Indiana University where the Fellowship is located.

This being the first year for this type of student aid, we print here the account of the meeting where these Fellowships were awarded.

Minutes of the Meeting of the Committee on Latin-American Fellowship Awards

The joint committee of the Federation of Women's Clubs of Indiana, and of Indiana University, making up the Committee on Latin-American Fellowship Awards met in the office of Dean Mueller, in Bloomington, on May 28. Those present were: Mrs. Edwin I. Poston, of Martinsville, representing Mrs. George W. Jaqua, of Winchester, and Mrs. Oscar A. Ahlgren, of Whiting, for the Federation; for the University, Dean Mueller, Mrs. Robert E. Burke, and Miss Mabel M. Harlan.

The \$600.00 award to a South American woman was made to Miss Elza Marques, of Rio de Janeiro, Brazil, to study music (piano) at Indiana University:

Miss Marques was born in Brazil, in 1916, and graduated from the American Isabella Hendrix School in 1929, in Belo Horizonte, Minas Geraes, Brazil. In Rio de Janeiro, she graduated from the Bennett College (American), and 1932 received her diploma in piano from the National Institute of Music, of the University of Rio de Janeiro. She continued her work in piano, privately, studied Italian, German and French, and gave recitals. In 1939 Miss Marques was appointed to organize and direct a

THE INDIANA FEDERATION OF CLUBS

music school in Juis de Fora, Minas Gernaes, Brazil, and accepted with the provision that she study first in the United States. She came to New York in November, 1939, and has been studying piano under Mrs. Djane Lavoie Herz, on the recommendation of Madame Guiomar Novaes. She is the first Brazilian to come to North America to study music. In 1933 she received first prize in a piano contest sponsored by the University of Rio de Janeiro.

The committee considered four other applications from women from South and Central America, and from Mexico.

The \$600.00 award to an Indiana University student, or alumna, to study in one of the Latin American Republics, was made to Miss Katherine Lenore Morgan, of Bloomington, to study Spanish language, literature, and culture, in Mexico.

Miss Morgan was born in 1919 in Terre Haute, Indiana. She graduated from the Bloomington High School in 1935, and from Ashley Hall, Charleston, South Carolina, in 1936. Her freshman year in college was spent at Mount Holyoke College, being admitted by College Entrance Board Examinations. Her sophomore year was spent at Indiana University; her junior year with the Delaware Foreign Study Group in France. She holds diplomas from the University of Paris and the University of Poitiers. The summer of 1939 she attended the Summer School for Foreigners at Santander, Spain. Miss Morgan spent her senior year at the Indiana University, receiving her A. B. degree in 1940. She has been working for her A. M. degree in Romance languages at Radcliffe College during the 1940-1941 session.

As Miss Morgan's alternate, the committee named Miss Selma Liff, of Fort Wayne. Six other applications were also considered.

The committee's recommendation that these grants be paid in two installments, at the beginning of each semester, was favorably acted on by the Board of Trustees of Indiana University in meeting on June 2.

Respectfully submitted,

Mabel M. Harlan, Chairman.

Student Loan Fund Plan

THE PLAN: Any individual, or club, county or district organization may establish its own loan fund by paying not less than fifty dollars (\$50.00) to any Indiana College that the club may choose. The payments may be made in installments.

The money is given in trust to the college and is the club's own fund. The club chooses the college at which it wishes to

THE INDIANA FEDERATION OF CLUBS

establish its loan fund and selects a name by which its fund may be known.

Checks are to be made payable to the Chairman of the Student Loan Committee, and are to be sent to her. She gives the club credit on the records of the Federation, sends the check to the state treasurer for deposit and notifies the designated college, of the loan.

These loan funds are lent to worthy students, preferably to Juniors and Seniors, who give a promissory note which bears not less than 3% interest until maturity and not more than 7% thereafter.

The interest reverts to the treasury of the Federation and is added to the Educational Loan Funds at Indiana University and Purdue University and is used to reimburse any funds that may be lost, thus assuring the permanence of funds .

Any individual or club that does not wish to invest in a complete loan, may contribute sums of any amount to a State Student Loan Fund, whose name, and the college designated may be chosen at the State Convention.

Hoosier Salon

MRS. OSCAR A. AHLGREN, Whiting

The seventeenth annual Hoosier Salon opened with the pre-view Saturday evening, January 25, 1941, in the Marshall Field Picture Galleries, Chicago. It was my pleasure to represent the Federation at this reception.

On Monday, January 27, we had our Indiana Federation of Clubs luncheon in the Wedgwood room. Members of the Lake County Federation, Mrs. Arnold Ulbrich, Indiana Harbor, president, served as hostesses. We were happy to have Mrs. W. D. Keenan, second vice-president, Mrs. John C. Lavengood, Fine Arts chairman, and Mrs. Clarence Kittle, art chairman, present. Artists, who were our guests and who spoke, included Edward K. Williams, Curry Bohm, Randolph Coats, John Templeton and Lenore Conde Lawson.

It was a pleasure to have Mrs. William T. Bruckner, president of the Illinois Federation of Women's Clubs and Mrs. William D. Coon, president of the Daughters of Indiana, as our guests.

The exhibit this year was unusually pleasing and many sales were made. After leaving Chicago the exhibit had a showing in the William H. Block store, Indianapolis, with the members of the art department of the Woman's Department Club, serving as hostesses. The exhibit was later shown in many other Indiana cities.

The federation holds five memberships in the Hoosier Salon Patrons Association.

THE INDIANA FEDERATION OF CLUBS

International Relations

MRS. HARRY LEE BESHORE, Marion, Chairman

Our clubs in Indiana have gone far beyond anything we had dreamed of in their work in International Relations.

A great privilege came to us in Indiana when our General Federation chairman came to us and talked to our club women. She was a great inspiration to us all. Maybe that accounts for the 87 clubs in Indiana who have studied the Good Neighbor Tour this year. We have had some of the finest material for our district chairman of International Relations which has been sent on to them. I have tried to put as much for the clubs into the Clubwoman magazine as possible. It seems to me that we could do more effective work if all the chairmen would learn to look to her magazine for her material from her state chairman.

Fourth District has reported many fine programs with Switzerland county having International Relations for her county project and sending six subscriptions for the Spanish Readers Digest to people in South America.

The Terre Haute Federated club in Fifth District had seven foreign women at their Christmas party where they told of Christmas in their home lands.

The chairman of Sixth District says that this has been the most satisfactory year. Many clubs have devoted the whole year to programs on foreign countries. Some have used forums from Time, Atlantic Monthly, Life and Readers Digest. Ten of their clubs subscribed to the Spanish Readers Digest which were sent to South Americans.

We are so proud of the Seventh District Bulletin which is issued each month. The district had one day devoted entirely to International Relations. Ninety per cent of the club's membership carried out the state program.

Each club in Eighth District has someone who will have a son in camp so their interest in foreign affairs is keen. The district sponsored lectures at two mass meetings with some clubs devoting all their year to International Relations. Many club members studied Spanish.

A great many Good Neighbor tours were reported from Ninth District and all counties report that never before had their women been so interested.

Tenth District report fairly takes ones breath away. Club members are corresponding with women in South America. Lectures and book reviews were given. One member from Tippecanoe county is in Honduras Central America.

THE INDIANA FEDERATION OF CLUBS

Eleventh district Good Neighbor tours, lectures, Spanish classes.

Twelfth District had the privilege of having Mrs. Beggs as their guest. They report a very active year. Ten of their clubs took the Good Neighbor tour.

Thirteenth District reports Good Neighbor tours and an unusual amount of interest this year with many fine programs.

Many thanks to my district and county chairmen and to all those who have cooperated to make this a successful year.

Junior Club Women

MRS. HAROLD F. ZANGER, Winamac

It makes me proud and happy to make the annual report for the Junior Club Women. We are passing from our growing period and are facing our problems and meeting under a more permanent basis.

Our Junior Clubs have programs that are far from adolescent. Their programs embrace, Safety, Sports, Handicraft, Mothercraft, World Peace, Crime Control, Social Economics, Public Welfare, in fact, every type of mental development and expansion. In announcing the winners in the Star Program Building Contest the following statement was made by the judges, "As a group, the programs were superior in both form and substance to those entered in previous contests." The Beta Beta Latreian Club of Winamac was awarded first prize and the Junior Coterie Club of Shelbyville second place.

The Safety Study Program and Project has been stressed in every club in the state. Prizes for the essay contest on the subject, "Safety in the Home," were awarded to Mrs. Dexter Fordyce and Miss Maxine Stone, members of the Qui Vive Club of Linton.

The Honor Score Card designed to show I. F. C. and G. F. W. C. aims was completed by twelve clubs; and many others ranked high.

Our Junior Project contributed to the Jubilee Travel Fund so that Indiana may have a delegate at the G. F. W. C. Convention has been completed. With the proceeds from the Travel Fund and the Booklet sales we have tripled the aim and sent three young women to Atlantic City. Clubs paying into the travel fund were entitled to vote for the delegates. The Junior receiving the most votes was Mrs. Guy F. Campbell of Hammond who represented Indiana as their Queen. The aides to the Queen were Jeanne James of Winamac and Mary Witham of Gary.

THE INDIANA FEDERATION OF CLUBS

The first night of the State Convention, April 29, 1941, was designated as Junior night. The fifty Juniors attending were extended special honors and sincerely appreciated the privileges extended them by the Seniors. The Queen and her aides were presented at this meeting.

The Fifth Junior Woman's Conference was held the second day of the Convention, April 30, 1941, beginning with a breakfast at eight o'clock. Sixty-five Juniors attended. Our G. F. W. C. President, Mrs. Saidie Orr Dunbar, was honored guest and gave an inspiring address. The state officers also attended and extended greetings.

An institute on, "What the Federation Means To Me," was presented by the Indianapolis Junior Woman's Club and was repeated for the senior program.

A radio skit on "Safety—Your Problem and Mine," prepared by Mrs. John S. Lairy and presented by the Sub-Junior Club of Logansport was broadcast over Indianapolis Station WIBC. The broadcast was received in the breakfast room.

During the Council hour definite plans were made to establish a travel fund for the purpose of sending a Junior delegate to the G. F. W. C. convention each year. They also voted to give the money contributed for student loan fund to the Pan-American scholarship fund.

The Indianapolis Juniors were hostesses to the visiting Junior Club Women Wednesday afternoon. They arranged a trip to the John Herron Art Institute, which was followed by a tea.

This past year the District Junior Chairmen and the Junior Club Women have worked with enthusiasm and a result much was accomplished. May I express my sincere appreciation for your loyalty and cooperation.

Legislation

MRS. CHARLES H. SMITH, Chairman, Indianapolis

Our slogan for this year has been "Let's Wake Up." From the splendid reports received, it is evident there has been an awakening and that the clubwomen in Indiana are alive to the importance and gravity of the problems we are facing in our state and nation.

Many of the splendid reports tell of the great increase of interest in legislation; of the great number of programs and forums and radio talks; of the many clubs that have had legislative chairmen, as we requested; of the great number of members who visited the General Assembly.

THE INDIANA FEDERATION OF CLUBS

Reports also tell of the many letters written the legislators during the session of the legislature; also letters written congressmen in Washington. Many interesting newspaper accounts received show our work reached many through the pages of the press.

Reports were received from twelve districts. Some districts report 100 per cent co-operation of all counties. Districts that were the most active and did outstanding work were the Second, Sixth, Eighth (Delaware County leading), Ninth, Tenth Lake County leading), Eleventh and Thirteenth.

More than 400 forums were had and many programs of various kinds, besides responses to roll call on current legislation. Reports were not received from all counties, for which we are sorry, for we know work was done in some of these.

An "Outline" for study and suggestions for programs was sent out in the summer to all legislative chairmen. A meeting for legislative chairmen was held in September to plan a program of work and another in December to study and discuss issues that were to be drafted into bills and presented to the General Assembly.

The department was well organized with 15 state vice-chairmen, 13 district chairmen, 78 county chairmen and chairmen in many of the clubs.

During the session bulletins were sent to all chairmen giving the status of bills. These were discussed in club and county and district meetings.

There were 991 bills introduced in the General Assembly and 185 were passed. The bills for which the federation worked passed with the exception of the Local Option Liquor Control bill. Other bills on our program and which were successful in passage pertained to Children Born out of Wedlock, Adoptions, Juvenile Courts, Merit System, Home Rule Government, Safety, Certification of Librarians, Classes for Children in Tuberculosis Sanatoria, Method of Adoption of School Textbooks. We were interested in others and glad to lend our influence when we could.

There was a constant demand for program material, which showed the great interest that was being taken. Over 1,900 pieces of mail was sent out.

The chairman was asked to attend many hearings on bills, both committee and public hearings and missed very few days at the General Assembly during the entire session.

As the representative of the federation the chairman

THE INDIANA FEDERATION OF CLUBS

served as a member of the Merit System Association and The Indiana Committee on Child Welfare and attended many meetings of these two groups, most of them being luncheon meetings.

The chairman attended many meetings where problems were being discussed, those things that had a bearing on legislation. Some of these were the State Conference on Social Work, Council of Social Agencies, Consumers Council, Defense Institute conducted by the National officers of the U. S. Red Cross, Adult Education Conference, Indiana Civic Association and others.

The chairman attended institutes at Bethany Park, Butler University, North Manchester, Bloomington and Winona and has spoken at thirteen meetings and conducted five forums.

At our luncheon meeting held during the convention, we had a wonderful attendance, which gave evidence of the fact, that every one there was much interested in legislation and what had been done during the year. The program and discussion that followed were much appreciated.

We are proud to report that the department was awarded the prize offered by Mrs. Ketterer, Chairman of Legislation of the GFWC, to the state having the largest attendance at legislative forums this year. We are proud to be placed among the most active states in legislative accomplishments.

It has been a privilege to have served as Chairman of the Department of Legislation. Words cannot express my appreciation of the splendid support and co-operation that has been given and for the many kindnesses shown. Work has been a joy.

Press and Publicity

MRS. EVERETT L. MOORE, Plainfield, Chairman

During this year when women have been in the news more than ever before, the Indiana Federation of Clubs has been on the front line in newspaper and magazine lineage. Press chairmen have cooperated to think clearly, act wisely, and publicize intelligently the worthwhileness of the work done by Hoosier clubwomen.

Modeled after the short course in journalism sponsored for three consecutive years by the press department and Butler University, many press forums have been conducted throughout Indiana. Among the best attended have been those at Gary, Richmond and Morristown. Countless inquiries concerning material for publicity forums have come from individual clubs, and sev-

THE INDIANA FEDERATION OF CLUBS

eral districts are planning press institutes during the fall of 1941.

Your state chairman has assisted with a number of forums, and is scheduled as advisor in the press and publicity department under Mrs. Oscar A. Ahlgren's presidency, to help with short courses during the coming year. She also has been asked to speak before a number of clubs, and is at the service of others wishing her help.

Indiana won honorable mention in the national awards presented by the New York Herald Tribune-General Federation press contest chairman, Grace Allen Bangs, in Atlantic City. Mrs. R. F. Grosskopf, as Seventh District press chairman during the past year, won the award. She had placed first in the Indiana division, with Mrs. Guy Germano of Worthington as runner-up.

It happens that Mrs. Grosskopf and Mrs. Germano both are editors of news bulletins for their districts—an excellent means of getting club news to club members.

District chairmen have cooperated well in all undertakings of the press department, and they have been responsible largely for the fact that Indiana newspapers have used more club columns this year than ever before in the history of the Indiana Federation of Clubs.

Several press chairmen, inspired by publicity forums and direct contact with newspapers, have enrolled in university courses in journalism.

Members of junior clubs have done excellent work in reporting, and they have stressed the fact that action is the basis for all effective publicity.

Indianapolis newspapers have devoted much space to events of the Indiana Federation of Clubs, and representatives of the Star, the News, and the Times have assisted in many ways with Federation activities.

Report of the Star's Contest for 1940-1941

HARRIETTA K. SPARKS, Frankfort, Chairman

For the past fifteen years the Indianapolis Star, the Extension Division of Indiana University and the federated clubs of Indiana have cooperated in an effort to raise the standard of club study outlines.

That this effort has been successful is indicated by the continued interest in the contests and by the fact that the 80 winning study outlines compiled in the fifteen annual folders are being used as models by clubs in each of the 48 states and

THE INDIANA FEDERATION OF CLUBS

by many state libraries and university extension divisions in their club service departments.

The Indianapolis Star has contributed \$1200.00 in cash awards, and generous publicity space in The Sunday Star for a publicity forum. The extension division of Indiana University has provided the contest judges and a package library service for research. The program committees of the federated clubs of the state have done the necessary research work and built the programs submitted in the contests, and the members of the clubs have developed and given them publicity through The Federation Forum of The Sunday Star.

Awards in the 1940-1941 Contest

Awards were given in the 1940 1941 contest as follows:

Class 1—Subject, "Plastics—Their Economic Importance." First award, Woman's Literary Club of Noblesville. Second, Study Club of Brownstown. Third, Booklover's Club of Covington.

Class 2—Subject, optional. First award, Kendallville Culture Club. Second, Woman's Study Club of French Lick. Third, Sullivan Woman's Study Club.

Class 3—Honor Class. Award to the Columbus Culture Club. Honorable mention the Twentieth Century Club of Worthington and The Research Club of Jasonville. In the optional class honorable mention was given the Federated Research Club of Mooresville, and the Woman's Club of Edwardsport.

Class 4—Junior Group. First award to the Beta Beta Latreain Club of Winamac. Second The Junior Coterie Club of Shelbyville.

Suggested subjects for the senior clubs for 1941-1942 are: "The Interdependence of the Americas," and "Plastics—Their Place in the National Defense Program."

A suggested subject for the Junior Group for 1941-1942 is: "Mothercraft—Moulding Better Citizens;" to be based on the institute on mothercraft arranged for juniors by Mrs. T. E. Lashbrook, chairman of Mothercraft Indiana Federation of Clubs.

Department of Public Welfare

MRS. COGLEY COLE, Vevay, Indiana, Chairman

It has been a pleasure to fall into step with Mrs. Dunbar, president of the General Federation, and her theme of "Adjusting Democracy for Human Welfare" and to follow the able lead

THE INDIANA FEDERATION OF CLUBS

of Mrs. Bevens, the general chairman of Public Welfare and to serve with and under the direction of our inspirational president, Mrs. Jaqua, with her charge of "Accepting Our Responsibilities" and to account to our first vice-president, efficient Mrs. Oscar Ahlgren.

This department was especially fortunate to have for its division chairmen women of vision who were capable and willing to spread the gospel of the tasks assigned them. Each used her own initiative, giving to the people of the state through its constituents the best to be had.

The report of these division chairmen will show that all over the state people are becoming health conscious, industry conscious, recreation conscious, child welfare conscious.

I do not have space to cite even a part of what the Federated Club Women over the state have done, or to tell you of their fine accomplishments but the women of the Seventh District have given outstanding service in the welfare department this year and should receive honorable mention.

The year has passed quickly and this chairman now expresses her appreciation of all who co-operated so finely with the work, which is to be valuable to the future of America.

Division of Child Welfare

MRS. CHARLES R. CLARKE, Auburn, Chairman

Due to sickness and death this year in the homes of four of our district chairmen, some of our reports will be missing; however we feel sure the usual amount of child welfare work has been carried on in these districts.

Fifth District—Reports that Vigo county spent a total of \$658.16 in welfare work. This money was donated for Red Cross, T. B. Seals, milk fund, assisting students, etc. Several clubs helped with Red Cross sewing. Clay county bought glasses and milk for needy school children.

Seventh District—Held seven meetings on child welfare. Christmas party was given for children in the juvenile detention home. Tooth brushes and tooth paste was given to these children in February. A child's book was presented to the library at the detention home in memory of Mrs. J. W. Moore, president of Seventh District.

Eighth District—Adams county regard their work with children and the welfare of children as "Their Prime Responsibility." Decatur Women's Club had Miss Mildred Arnold, director of Children's Division of State Department of Public Welfare as a

THE INDIANA FEDERATION OF CLUBS

guest speaker at one meeting. The club also sponsors a Girl Scout troop and gave \$40 to the group this year. Milk was furnished to under privileged children. Madison county as usual is doing splendid welfare work for its children at the Children's Preventorium under the supervision of Mrs. Ella B. Kehrer.

Twelfth District—DeKalb county reports Red Cross sewing for Europes needy children, Girl Scout activities, and contributions for childrens health. Noble county reports over \$300 spent for welfare in various ways.

Thirteenth District—LaPorte county purchased an iron lung at the cost of \$1300. Immunization of school children for diphtheria and small pox. Marshall county reports several programs on child welfare, practical nursing, prevention of child accidents, first aid program by Girl Scouts and what crippled and blind children do with their time. St. Joseph county reports many activities in child welfare but gives no details. Kosciusko county club helped sponsor a meeting in high school for under privileged girls furnishing refreshments and entertainment.

Your chairman has enjoyed and deemed it a privilege to work under the capable leadership of Mrs. Jaqua and Mrs. Ahlgren, also Mrs. Cole, chairman of Public Welfare.

My thanks to all district chairmen who have cooperated with me in this most worth while cause.

Crime Prevention and Crime Control

MRS. ROBERT WILSON, Boonville, Chairman

In making this report acknowledgment is gratefully given Mrs. William E. Lewis, G. F. W. C. chairman of Crime Prevention and Crime Control and to Mrs. Cole, department chairman of Public Welfare in Indiana for cooperation in the work. Attention is called to the excellent amount of material on the subject at G. F. W. C. headquarters.

No specific mention is made of 44 character building organizations and activities which overlap into the crime prevention program (except where directly sponsored by club women in crime prevention projects) because they are a part of Character Education and Child Welfare divisions and are reported by those chairmen.

Districts reporting:

First—Five clubs had Crime Prevention for responses to roll call, three had study programs, one a special speaker; Mt. Vernon, operation of a curfew.

Second—Four clubs report responses, seven special study

THE INDIANA FEDERATION OF CLUBS

programs, three curfews. One president teaches Sunday school class of young married couples which pursued a three months' course of study on the subject and gave attention to young people in the community with a view to crime prevention.

Eighth—Adams county has several good community councils. Madison county, one club has five minute talks instead of responses, members visit the places they report on; had Harry Mohan (psychiatrist) from state reformatory for meeting; four study programs; two special speakers. One club had Gene Ryan, Indiana state narcotic inspector for a meeting. A new community council embraces church groups. Anderson county of Social Agencies with which the Federated Clubs are associated in the work entertained the Eastern Regional State Conference of Social Welfare Workers; 300 attended; one day was given to juvenile delinquency with speakers of national prominence. Crime Prevention chairman works with the police matron and the probation officer.

Ninth—Report 20 responses, seven study programs, one guest speaker.

Tenth—Tippecanoe county club members regularly attend community council meetings; help to provide recreation and pleasant occupation for the youth of the community.

Eleventh—Peru operates a curfew. Clubs at Van Buren support a recreation center; Fairmont Woman's club sponsors a story hour in the library. Jonesboro clubs active in Boy and Girl Scout groups.

Twelfth—Allen county reports 46 responses to roll call and four study programs.

Thirteenth—Seven clubs in Kosciusko county report responses to roll call, two had forums, one cooperates with the community council. Warsaw-Winona Federation sponsors an American Girl Club at the high school, and a boys club in cooperation with the Elks and other organizations. These two groups practically eliminate delinquency problems. There is always the feeling that clubs do more work in a given field than they report, which is no doubt true in this case.

An article was prepared for the Indiana Club Magazine and an institute will be available for next season.

Community Service

MRS. EARL R. WHITE, Worthington

I. Community Planning—

The community council seems to be very popular in

THE INDIANA FEDERATION OF CLUBS

smaller cities and towns for solving problems that save time and money.

In Owen county they have a rather unique idea—having a "Health Council," which represents every township in the county, the members being club members. They report sickness of any kind, especially T. B. cases that need a health nurse, also crippled children to the County Welfare Department if they need hospitalization.

One club reported preparing lunches for school children whose fathers had no work; assistance and gifts have been furnished to shut-ins; showers for hospitals and Tag Day for nurses homes in Tenth District. Many clubs provided Christmas parties, donated candy and gifts and filled baskets and boxes for the needy and aged. Food, clothing and even shelter have been provided emergency cases by many of our clubs. Glasses were provided for needy children, school lunches were furnished in many schools, books given to libraries, Christmas parties for occupants of county farms, several clubs report helping with supplies at school buildings, collecting magazines and books for prisons. People are helping in so many ways, it would take pages to cover all.

II. Beautification—

Many clubs are sponsoring—Flower shows, contests for Christmas lighting in homes and towns, public parks, girls' camps and hospital rooms.

All over the State people are beginning to realize the importance of clean-up and paint-up week, especially insisting that vacant lots be kept clean. Approaches to towns are being decorated with trees and flowers.

III. Recreation—

Many plays and styleshows are being given throughout the state. Several youth centers are reported. Community chorus work and puppet shows are sponsored. The clubs have been active in helping with the Community houses that have been given Federal aid. Much money has been given in smaller towns for games and toys. Some clubs sponsored school bands, bird house building projects, helped Girl Scouts, Boy Scouts, and Camp Fire Girls.

IV. Housing—

Did not receive many reports on that as the housing problem in our state has been progressing more than in past years—much to be done.

THE INDIANA FEDERATION OF CLUBS

V. Co-operation with Government and Public Welfare Agencies—

Indiana has shown a keen interest in Public Welfare and this our State Department has co-operated I should say 100% with clubs in sending out speakers and literature. No one could complain about the help extended clubs. It has been most helpful in carrying out the club programs.

All clubs have been very liberal in contributing to Red Cross, Tuberculosis Seals, Infantile Paralysis, County Farm Funds, Community Chests, and Cancer Drives.

Most all reports include Parent Teacher Co-operation and National War Drives. Now of course most every one is helping with "Bundles for Britain" in knitting, collecting tin foil, and clothing.

The clubs seem to be realizing the part churches play in communities and report co-operation with them in day nurseries so mothers might work.

Several members serve on boards, representing agencies of the State, I know Indiana is awake to Community Service even if some reports did not reach me.

Division of Industry

MRS. W. C. BARTHOLOMEW, Indianapolis, Chairman

The information required for intelligent education of club women over the state about employment of women, women's earnings, conditions under which women work—from the highest paid executive to the tavern worker and the scrub-woman—is so scattered, it has taken me and the faithful chairmen of the Thirteen Districts about four years to build this information into a working unit for this division. From the interest which we have created a very fine piece of work can now be accomplished.

I regret the lack of reports from some districts which I know has done a great deal in this division as the requests for material show.

The following districts report:

Fourth District, Mrs. James Macey chairman. One industry exhibit, a resume of the industries of Rising Sunfi programs on "Procter & Gamble," Rookwood pottery, Gruen watch works. Brownstown programs on industry won second prize in the Star contest building program. Twelve clubs used one program each on industry.

THE INDIANA FEDERATION OF CLUBS

Fifth District, Mrs. William Harger, chairman. Each of the six counties has had industry programs, forums, institutes. Mrs. Mary Dright of Pittsboro reports nine programs in her county.

Seventh District, Mrs. James Marlowe, chairman. One entire program on women workers in the form of a forum, given for the Seventh District meeting.

Thirteenth District, Mrs. Carl Newcomb, chairman. Mrs. Newcomb gave two programs, sent material to all chairmen, nine programs, has four county chairmen.

I wish to thank all chairmen who have so ably assisted me in this work, without their help we could not have created the amount of interest which the clubs are showing.

Division of Public Health

MRS. C. J. FINCH, Indianapolis, Chairman

"America's health is her strength" is the slogan that has been stressed all through the year by the division of Public Health. We are facing a new and stirring challenge in the campaign against diseases. To fight them is an essential part of our national defense. Our club women have been actively engaged in promoting health programs and have spent more than \$10,000 on various health projects. They have cooperated in observing May Day and Child Health week, sponsoring poster contests on health subjects among school children as well as having health exhibits and community health days. Programs on hearing testing and conservation of vision have been given with worthwhile results. Needy crippled children have been sought and reported to the local county welfare department.

School lunches have been arranged for with the assistance of the Public Welfare Department and clubs have sponsored these most successfully.

One Indianapolis club has furnished more than four thousand quarts of milk for needy families.

Clubs and individuals have been active in the support of legislation that would provide a larger number of public health nurses in our state and the establishment of more local health departments with full time trained personnel.

United club support has been given the campaigns for the prevention and control of infantile paralysis, cancer and social evils.

Health hazards, sanitation, diet, personal hygiene and the treatment of illness present themselves to the military authorities in the nation's training camps. Club women are proving

THE INDIANA FEDERATION OF CLUBS

great factors in meeting some of these problems. They are seizing this opportunity to make an investment in a new vitality through which our nation may become truly armed for any future. Only as the defense movement safeguards the people against these, the stresses to which it subjects them, will it finally be successful. We are challenged to keep our communities clean and healthful.

Indiana club women are health conscious and are more and more becoming enlightened on every phase of human welfare.

Division of Mental Hygiene

MRS. A. O. BENSON, Bridgeton, Chairman

Your chairman is happy to report that she is convinced that one of the most pleasing and gratifying conclusions to be drawn from the many letters and requests for program planning received throughout the past year and by reports of Mental Hygiene chairmen in the I. F. C. that more interest was manifested and more good accomplished in this vital subject generally and that the prospects for a deeper consciousness are bright for the future. One district chairman expressed it thus: "My report on Mental Hygiene may not seem much but I believe the groundwork has been started for a very interesting year." Many clubs are now planning to include it in their year book in some form especially in book reviews. Lectures on mental health were attended the past year as were also the mental clinics held over the state. Two clubs had an exchange meeting when a speaker talked on "The Physical and Mental Handicaps of People" and every one present took part in the discussion that followed. Many book reviews on the subject were given. Speakers including registered nurses, those sent out free from the Indiana State Public Welfare Department and other competent authorities were heard by club women all over the state. The motion pictures also sent by the State Welfare Department were used and at Logansport club women attended movies appropo to the subject that were sponsored by a teacher of physical culture in the schools. At each monthly council meeting one wide awake chairman gave a ten minute period to helpful talks which she had prepared from reading books such as "A Woman's Best Years," "Wake Up and Live," "Self-Control and How to Attain It," etc. Other books reviewed and to be used the coming year include "Social Aspects of Mental Hygiene," "Outwitting Our Nerves," "Everyday Problems of the Every Day Child," "The Psychology of Insanity." Roll call response was used and institutes and other forms of discussion were included in the methods of Mental Hygiene study. Faithful chairmen who sent their reports are to be commended for most efficient work. Your division chairman is grateful and most appreciative of their help and cooperation.

THE INDIANA FEDERATION OF CLUBS

Federated Pin

MRS. JOHN DOWNING JOHNSON

The Federation Pin is truly a Golden Jubilee product designed by the pioneer founders. It is small wonder that our fine president, Mrs. Saidie Orr Dunbar has urged again and again that all club members wear the federation emblem, as evidence they are a part of the women's great world movement.

Indiana is outstanding in her generosity to many movements of civic and cultural interest, were it not for the team work of officers and members this generosity could not be sustained. In return may we not form a standard of "Noblesse Oblige" by carrying out the ambition of Mrs. Dunbar who advised a pin chairman in all the club, why not a pin be the "goal for 1942."

Indiana is credited with 16 pins and one guard. The Tenth District has led in honors. To Mrs. Shirley H. Grunnels of Fowler, president, has been given a book of poems, "Unto the Hills," by the late Mrs. Louis M. Poyser of Indianapolis. To Mrs. Arnold Ulbrich, president of Lake county, was given a charming book of poems, "Life's Reflection," by Mrs. Rose C. Katterhenry of Martinsville. The Tenth District has won much honorable mention from the pin committee.

Pins may be ordered from General Federation Headquarters, 1734 N. St., N. W. Washington, D. C. When the club season opens is more opportune time to boost giving pins, ordering pins and wearing pins. Yes, we mean the Federation Pin.

One of the loveliest memories your retiring pin chairman will carry in the years ahead, is the ceremony of giving our state presidents pin. First to Mrs. Poston of Martinsville, second to Mrs. Jaqua of Winchester, third, to our newly elected president, Mrs. Ahygren of Whiting, in this manner Indiana is following the custom of many states in the federation. May Indiana continue to cherish the service, virtue and close fellowship for which the little emblem was so long ago fashioned.

Historical Committee

MRS. EDWIN F. MILLER, Peru, Chairman

The Historical Committee is composed of five past state presidents who are highly appreciative of the importance of their task. With the collection for, and the writing of, the recent history, our records are wonderfully complete.

Some cuts and trustee's records have been added this year.

We have been of service to Miss Vella Winner, editor, Club-woman, GFWC, Mrs. Keenan, Mrs. J. W. Scott, Mrs. Lykins, Mrs. Hinkle and Mrs. Jaqua.

We wish to emphatically say to you—Old Year Books, programs, interesting club material should never be destroyed. Every club should have a historian and a history box. Even though our state records are a complete file, the Historical Committee will accept duplicates and care for them.

THE INDIANA FEDERATION OF CLUBS

SPECIAL COMMITTEES

The Indiana Clubwoman

NETTIE A. DOWNEY, South Bend, Editor

Changing to a monthly publication, from five to twelve issues a year, was the supreme accomplishment of **THE INDIANA CLUBWOMAN** in the last twelve months. This undertaking necessarily has entailed additional expense while the price remains fifty cents per subscription. Expressions of appreciation received from subscribers hail the innovation as making for greater efficiency and effectiveness.

The official organ of the Indiana Federation of Clubs was made the special project of that body for the 1940-'41 club year. Looking to an increase in power and vocal utterance in voicing objectives, the servicing of its constituency will be vastly multiplied. Its pages have blazoned vital messages of leaders in their fields that each well informed clubwoman should have. Considerable space has been given to the projects of the General Federation as initiated, realizing we are as one with the mother organization and fountain head.

The special editions—District, American Citizenship, Junior, Legislation, County, and Education—created much interest and out of the venture likely will come repeats when timely or occasions warrant.

The editor wishes to express her gratitude to those with whom she has served for their unfailing co-operation. The messages of good will which were so generous, brightened the corners and compensated for the toil and responsibility involved in the performance of her laborous duties.

Indiana Clubwoman

MRS. FRED B. BELL, Business Manager

For the first time in the history of the I. F. C., the Clubwoman becomes a monthly magazine, each issue featuring a special edition.

I wish every one in the Federation could feel as enthusiastic as I do about the Clubwoman. It offers to the club women the best channel for getting their activities, projects and accomplishments before the clubs, presenting our program of work to the community, to the state and nation.

Accepting this appointment last July, I started out with a

THE INDIANA FEDERATION OF CLUBS

goal—a goal of \$800.00 for the ten months, and it is gratifying to report \$947.17 with 2,010 subscriptions (including 25c subs. for six months) and 44—100% clubs.

The Ninth District Clubwoman chairman was awarded the beautiful painting for sending in the most 50c subscriptions on the percentage basis, according to the membership. Twelfth District placed second, Fourth was third and Sixth District was fourth. Thirteenth District sent in the most subscriptions, 324—but due to the large membership, the percentage was low. Allen county chairman sent in the most subscriptions from any county. Your chairman awarded a prize to the last two mentioned for their splendid work.

St. Joseph county reported four 100% clubs.

Receipt cards were mailed to each subscriber carrying the amount of the subscription and the date when the subscription started and expired. Notices were also sent to each other subscriber when their subscription expired and date of expiration was carried on wrapper.

Mailing lists were gone over each month, corrections made, new names added and sent to the publisher. I have endeavored to keep the mailing lists correct and have worked for the best interest of the magazine, trying in every way to cooperate with the editor and publisher.

I wish to express my thanks to every one who contributed to the support of the Clubwoman and hope the same loyalty will be given my successor.

Conservation

MRS. T. EUGENE BAILEY, Romney, Route 1, Indiana, Chairman

Helping to rebuild the land for future generations is the part the Conservation of Natural Resources Committee assumes in carrying out the state program. On proper management of soil and water depend not only our well being but our democracy. Promoting reforestation of any type enables women to play a real part in Conservation.

There has been a wide planting program throughout the state. The Federation has given special emphasis to the planting of the state tree—the yellow poplar—or “Tulip Tree.”

The purchase of more acreage in the Virginia Claypool Meredith Memorial Forest of 173 acres and oversubscribed in “honor acres”—today has reached a total of 254 acres.

A new interest has been created in the purchase of a permanent marker—a Kiosk to be placed at the entrance

THE INDIANA FEDERATION OF CLUBS

to the park that will be developed in a part of the forest area, with shelter house, tables, seats and water facilities and ovens will provide an ideal place for holding "play day" meetings.

Civic interest has been manifest in the landscaping of home grounds and well kept lawns, and the establishment of some 67 roadside parks, equipped with modest conveniences where the traveler finds safety and comfort and from these rest areas go on their way rested, safer drivers.

Education in Conservation is the training of all citizens in the knowledge and appreciation of our natural resources and the necessity of their preservation for our own and future generations.

The districts report many conservation projects and programs, Flower exhibits, Garden tours, Landscaping and contributed to the Permanent Marker fund and the purchase of "Honor Acres" in honoring County and District chairman, the observance of Arbor Day with tree planting and Conservation Week with educational programs, including pilgrimages to State Parks and points of historical interest.

Your Chairman has prepared and mailed 60 Clubwoman's Conservation Kits, containing adequate material on phases of Conservation, Gardens and Roadside Improvement, prepared two Institute Programs, four articles for the Clubwoman Magazine, mailed report in detail of district activities to General Federation Conservation Chairman, visited the State Parks, U. S. Forest nurseries, Hoosier National Forest, attended General Federation Council, State, District and County conventions. Have been invited to speak before many state organizations, written hundreds of letters, mailed more than 2,000 pieces of literature to club chairman and given radio broadcasts.

We are proud of the accomplishments which have been made possible, through splendid co-operation. Your chairman wishes to express deep appreciation for the support given by district and county chairman.

Conservation is one problem that cannot be solved by a few, it will advance only in proportion to enlightened public interest. It has been a pleasure to work with you.

Garden Committee

MRS. HENRY B. HELLER, Decatur

It is the aim of the I. F. C. Garden Committee to meet the needs and interests of club women who are interested in garden-

THE INDIANA FEDERATION OF CLUBS

ing, or, some phase of gardening, but do not feel that they can belong to a Garden Club because it makes "too many organizations." During the past year many clubs have responded to this need by adding club programs, and several have added garden departments.

Second District—Two counties have had Mr. Hull from Purdue give several lectures on landscaping. Flower contests have been held. Several clubs are planning lessons on vegetable gardening. Plant and flower exchanges have been held. Garden publicity in local papers is being planned.

Third District—Several of the Literary clubs have had garden programs, sponsored flower shows, observed Arbor Day, arranged garden tours, and had seed and bulb exchanges. Have had garden lessons showing slides and have had garden pilgrimages.

Fourth District—Five clubs reported roll call on gardens. Planted 58 trees, 74 shrubs, 234 bulbs and seven flower beds. Planted trees in honor of deceased members. Programs on Gardens, Up-keep of Park by club, Tour of Brown County, Feeding of Quail, four clubs had bulb and seed exchange, three clubs held flower shows. Fourth District has as summer project Red, White and Blue Petunia Beds—"Petunia means "InThee I Trust" and the red, white and blue, our country's colors, meaning we are trusting in God for the welfare of our country.

Fifth District—Clubs had programs on flower culture and flower problems. Easter lesson on the crucifixion and story of dogwood. Garden Teas, Christmas tree contests. Vigo county reports 175 gardens, 85 rock gardens, 50 pond gardens. Flowers exhibited at the fair, improvement of cemetery, school grounds, and public places. Lectures on wild flowers and house plants. Planting of trees, seeds and bulbs.

Eighth District—Adams county Woman's Club and Garden Club planted two tulip trees on the hospital grounds. A garden page was sponsored in local paper one day during National Garden Week. Seeds were given to school children. A children's flower show will be held and prizes awarded for best flowers. An adult flower show will also be sponsored. Two clubs have held seed and plant exchanges. Professor Hull from Purdue University gave illustrated lecture on gardens before the Woman's Club. Golden Jubilee Committee

MRS. FRED B. BELL, Chairman

It was two years ago that the various outlines of program work was assigned to this committee which comes to a climax at the G. F. W. C. triennial in Atlantic City, May 18-26.

This committee had two objectives—first, we were trying to get the women to go back into the past to learn something about the Federation accomplishments, to honor our pioneers for the work they had done; and second, to raise money to finish out the

THE INDIANA FEDERATION OF CLUBS

foundation fund, (which was started for a five year period), by holding birthday parties.

The committee is made up of twelve chairman, each one has faithfully performed the task assigned her and report as follows, Mrs. Poston reports 387 birthday parties; Mrs. Howarth purchased the state flag which will be carried by her in the processional and pageant during the triennial

Mrs. Pettijohn has worked diligently as pageant chairman, arranged the episodes for the Indiana women and helped to provide costumes for those taking part. Indiana's choice of flower for G. F. W. C. was the red rose this being the one now the choice of the G. F. W. C.

Mrs. Canine did much research work in finding the two living pioneers to receive gold medals, viz—Mrs. Strange of Decatur and Mrs. McWhirter of Indianapolis. Mrs. Peters arranged four radio programs on the Golden Jubilee for the year.

The Junior Chairman Mrs. Campbell sent in a splendid report; she was selected for the Junior Queen and with her two aids will appear in the Junior parade in the pageant. Seventh District is sending a chorus of fifteen voices to be in the chorus of over a thousand voices to take part in the pageant.

All clubs fifty years old or older were notified several times of the part they are to take in the celebration and urged to send their delegate. Program outlines were mailed to each club urging them to include a patriotic program with the one in observance of these Golden Years.

Your chairman wishes to thank all those who have contributed in any way to the support of this committee and may this great celebration help us to go back in the past and realize what we have stood for and then cast out our greatest weakness we have in our set today—Apathy.

Golden Jubilee Parties

MRS. EDWIN I. POSTON, Martinsville

In order to stimulate interest in the Golden Jubilee two prizes were offered: one for the largest birthday contribution, which was won by the Woman's Department Club of Indianapolis, Seventh District; the prize for the most original party was won by The Ladies Literary Club of Auburn, Twelfth District. Honorable mention was given to the Second, Fourth, Fifth and Eleventh Districts; also to Tipton and Fountain Counties.

Through the loyal co-operation of clubs and individuals

THE INDIANA FEDERATION OF CLUBS

your chairman is able to report the sum of \$2,762.60 as Indiana's contribution for the years 1939-1941. Besides the money value of the Birthday campaign, the club women have gained a broader vision of the objectives of the Federation.

Institutes and Forums

MRS. GEORGE R. DILLINGER, French Lick

Our keynote for this administration, "Development Through Discussion" and our goal "Every Clubwoman in Indiana Taking Part in Club Institutes" are certainly being realized from the enthusiastic reports received from all over the State. Our chairmen write that practically all their clubs use some discussion on their programs. Some have a discussion period after each talk, some conduct their meetings as "round-table discussions" and others have given over meetings entirely to panels or forums. The women report more interest shown and a better attendance when there is discussion.

District and County Convention programs as well as club programs have included institutes on varied subjects from mechanics of organization to Public Affairs. The women have not only used prepared institutes but have arranged many fine ones themselves. Seventh District held four institutes at their monthly District meetings. Tenth, Ninth, Thirteenth and Fourth Districts reported such interesting programs. Some of the topics included—"Far Reaching Horizons," "Apartment vs. Bungalow as an Ideal Home," "Should the United States Take Over Greenland?," "Tea-ism," "Radio's Place in Modern Education," "Taxes, Their Collections and Allotments," "Blind Man and His Dog," "Lawmaking," "Security Within Our Nation," "Consumer Problems" and many others. Sixth District reported the largest number 1,706.

From the above one may easily see that our women are keenly interested in Public Affairs. Our universities have helped us greatly in the study of current problems by giving us the splendid one-day Forums. We have had four this year, one at Indiana University—"America Defending," North

THE INDIANA FEDERATION OF CLUBS

Manchester—"Current Problems," one at Butler University on Publicity—"The Club Articulate," and one at our Mid-year meeting on Public Affairs given by Butler University. Your chairman helped with arrangements for all these meetings, presiding and leading discussion at two of them.

It was a thrilling experience to attend the New York Herald Tribune Conference in the Fall. Institute hours were conducted each morning at the State Convention. It was a pleasure to help at the Institutes conducted by our own Mrs. Edwin I. Poston, General Federation Chairman of Institutes, at the Golden Jubilee Convention in Atlantic City.

Envelopes were given to the club presidents at the State Convention. Those not given out were sent. These envelopes contained prepared institutes on many subjects and a folder on "Discussion for Defense." This folder was an outgrowth of a list of 80 subjects on Public Affairs I suggested to clubs last year for discussion. With the full contents of the envelope including the folder each club in the State has material on all 80 subjects. It is my earnest wish as I turn this work over to my successor that the clubwomen in Indiana will truly be prepared for our defense work through "Discussion for Defense."

Motion Pictures

MRS. R. EARL PETERS, Ft. Wayne, Chairman

Club interest in motion pictures is increasing to such an extent that it is impossible to give a complete report of each district in the space allotted to this department. There were more county and club motion picture chairmen appointed this past year and there seems to be more enthusiastic activity all over the state.

The educational value has been demonstrated and is being demonstrated at present by the use of motion pictures in the army camps. Pictures are used not only to entertain the men but also to instruct them in army maneuvers.

Many methods were used to stimulate interest in the movies. A great many clubs devoted entire programs and other clubs gave part of a meeting to motion pictures. A large number regularly used roll call responses. Papers were read and special speakers were given an opportunity to discuss various phases of motion pictures. Round table discussions and institutes were very popular. Outstanding pictures were reported by some club members, not only before their own clubs, but also at other clubs. Programs were given on motion pictures and followed by a screening.

THE INDIANA FEDERATION OF CLUBS

Movie study groups were formed (six in one county). The Arcadian Junior Club of Frankfort had its entire year's program built on the movies. Eight books made into movies were reviewed. Program subjects included: "Shorts," "Animated Pictures" and "Make-Up and Hair Styles in Hollywood" (which was demonstrated by a professional).

Motion pictures were used for various club benefits. Among those sponsored was "Abe Lincoln in Illinois," and excellent picture. One exhibitor presented a special showing of "Wuthering Heights" before the English classes of a high school. "Land of Liberty" was given as a special matinee for students of a high school and a junior high school. Previews of educational pictures were arranged for teachers. "The Ramparts We Watch" was shown at a special civic preview. Safety slides were shown in schools. Christmas art slides were used by the Madison Women's Club for the Old Ladies' Home Party.

Lists of good pictures were placed in schools and public libraries and in one district they were also placed in neighborhood stores. Newspaper articles were written. Posters were placed in conspicuous places frequented by young people.

Districts reported that they made good use of the material, suggestions and outlines sent to them. This included bulletins listing good pictures, work plans (sent in the fall), institute outlines and suggestions for club programs. Good educational films such as: "Give Me Liberty," "Bill of Rights," "Constitution" and "The story of the Flag" were recommended. Other sources suggested for research were: "Bi-Monthly Bulletin of the G. F. W. C.," "Unbiased Opinions," "Leading Motion Pictures," "Joint 'What's Happening in Hollywood,'" "100 Questions and Answers," "Estimates on Current Pictures," "National Legion of Decency," "Good Housekeeping Service" and the "State Bulletin of the Indiana Photoplay Indorsers." (Figures from the rest of the state are not available at present, but in Fort Wayne the indorsers viewed and classified 285 pictures this past year.) Requests for material were numerous and answered promptly.

Dr. Irvin E. Deer, Chicago, of the Community Service Department of the Motion Picture Producers and Distributors Corporation, was an invaluable speaker, who spoke before many clubs and at several district institutes.

It has been a pleasure to work with such enthusiastic and energetic women as we have had as district and county chairmen. Their excellent work to promote better pictures and more interest in our motion picture department is deeply appreciated.

THE INDIANA FEDERATION OF CLUBS

Public Safety

MRS. MAURICE EPPERT, Indianapolis, Chairman

As safety chairman of the Indiana Federated Clubs, I have the following accomplishments to report for 1940:

I. Safety has been a part of every district convention program in Indiana.

II. Many more requests for safety literature from women's groups prove that there is a wider interest in safety among women of Indiana.

III. Counties and districts have worked together in safety celebrations, safety days, etc., during the past year. The first prize of \$5,000 was awarded an Evansville high school boy in the Ford Good Drivers' League contest.

IV. Because Indianapolis planned the first School Patrol Boys' Training Camp to be held in the United States, 4 years ago, we have focused on starting similar training camps for patrol boys in Indiana.

V. Enforcement has been given attention by the co-operation with traffic judges and by County Safety Councils throughout the state.

VI. Safety publicity has been given in frequent articles in newspapers and in the *Indiana Clubwoman*.

VII. Safety talks have been given by the State safety chairman over radio stations WFBM and WIRE.

VIII. Talks relative to safety have been given in schools to the Parent-Teachers' Associations.

IX. A united protest from Indiana women was directed at the ruling made by the National Railroad Adjustment Board, reinstating a locomotive engineer who had been dismissed three times for drunkenness.

X. Safety pamphlets have been distributed to clubs in every county in Indiana.

XI. Outstanding work in safety has been done in the ninth, fourth and fifth districts. Co-operation with the State Highway Department in marking hazardous areas has been reported by many counties in these districts.

XII. The Indiana Federated Clubs helped materially in gaining an appropriation in the legislature for an increased State Police force. With an increase of fifty State Troopers

THE INDIANA FEDERATION OF CLUBS

for the coming year, we can hope for a reduction of accident and fatality in Indiana.

As the year closes an educational program for the bicycle rider and the pedestrian is being instituted by the Federation of Women's Clubs.

Radio Education

MRS. FARRA L. BOTKIN, Muncie, Chairman

Our Federation programs were broadcast wherever it was possible to so. Many clubs studied Radio and its uses by the Institute plan. More clubs used Radio study on roll call responses than last year. Many clubs report desire to plan for Radio study next year. Better programs for children; co-operation with Mrs. Milligan and the General Federation; co-operation with representative groups to form Radio councils in each district is the project for next club year.

In time of Peace and in time of War our American Way of Broadcasting must be supported by an alert public. Club women must jealously watch the ramparts of our Freedom. Radio report by districts follow:

Second District—Eleven club programs on Radio Education, six used the Institute. Nineteen short talks made on uses of Radio. Sixty clubs of the seventy had two-minute responses on "Radio." Next year club programs will be given over WAOV, Vincennes station.

Third District—No Broadcasting station available. One request for Study Material. The high school speaker system for special Radio broadcast announcements. Club women listened to General Federation Broadcasts.

Fourth District—Seven clubs had Radio Education programs. Nine clubs had three minute responses on Radio at each meeting. Three women took part in the Farm question and answer program on WCKY. They have published the New Harmony Memorial Broadcast material.

Fifth District—The Woman's Department club of Terre Haute broadcast a number of programs over station WBOW.

Seventh District—Twelve fifteen-minute programs given over stations WIRE and WFBM. Federation broadcasts and the Opera intermission broadcasts given by Mrs. Milligan, our National Radio chairman, on "Our American Way of Life" were heard and appreciated.

Eighth District—Club women had fifty-two broadcasts

THE INDIANA FEDERATION OF CLUBS

on station WLBC, Muncie. The theme for talks was "The American Home." The Epsilon Sigma Omicron club members gave a series of six programs, with material sent by Mrs. Milligan.

Ninth District—Montgomery County Club women gave four Radio Broadcasts over station WDAN, of Danville, Illinois. The Waveland Department Club gave Radio Study programs. The Tuesday Evening Club, Zionsville held one Radio Institute. Fountain County Clubwomen gave twenty fifteen-minute broadcasts over station WDAN.

Tenth District—Tippecanoe county clubs sponsored a weekly broadcast on station WBAA, Purdue University. The clubwomen wrote their own scripts. There were twenty-nine broadcasts. Lake county reports Radio announcements of club meetings. They broadcast on WIND, Gary, Thursdays at 9:15 a. m. every other week through the club year. The Williamsport Woman's Club broadcast some programs over WDAN.

Eleventh District—Blackford county clubs broadcast one program. Four clubs made Radio Study the subject of programs and nine clubs gave Radio News on roll call at club meetings.

Twelfth District—Three Radio broadcasts given over WOWO, Fort Wayne. The chairman of Publicity gave one; the chairman of Fine Arts gave one and the American Legion Post 47 gave the third.

Thirteenth District—No Radio Broadcasts. Three clubs gave responses on Radio Study. One club had responses on Radio Study at each meeting. There were fifteen programs on Radio Study, by clubs, of two hours each. For club study our Radio Institute was used.

Reciprocity Committee

MRS. ROBERT E. BURKE, Bloomington, Chairman

The Reciprocity Committee is the program building committee, and its members, according to instructions received from the State Chairman, inform clubs and individuals by letter, telephone, or talk at a meeting, of the help which Indiana University Extension Division, the State Library, and General Federation Headquarters can give them in formulating and carrying out a program for a year or for a single meeting. According to the reports received, the district and county chairmen of the Second, Fourth, Sixth, Eighth, Tenth and Eleventh Districts carried on the work by means of an aggregate of 676 communications, 27 talks, and an attendance at 55 conventions. They reached an estimated total of 5418 persons. Mrs. Sidney Smith of the Fourth

THE INDIANA FEDERATION OF CLUBS

District, and Mrs. Harry Van Valkenburg of the Tenth, submitted a 100% report.

The State Chairman reports 112 letters writteen, 358 Indiana University Extension Division Bulletins and 3108 mimeographed sheets distributed. She submitted five articles of timely program suggestions for the Indiana Clubwoman, and attended two State Board meetings, the State Council meeting, and the State Convention.

The Director of the Package Library Service of Indiana University Extension Division estimates that during the year 7477 club women were served by package libraries, 2286 by club study outlines, 6309 by plays, 588 by personal letter or special service—a total of 16,860 club women served in these different ways. The Secretary of the Visual Instruction Bureau reports that 14 clubs borrowed 22 travelling art exhibits, and 4 clubs used one set of slides and nine motion picture films; 78 flags were used by two clubs, and 24 pairs of dolls by four clubs.

THE INDIANA FEDERATION OF CLUBS

MEMORY HOUR

1941

MRS. FRANK SHEEHAN, Gary

*In Flanders Fields

*"In Flanders fields the poppies blow
Between the crosses, row on row,
That mark our place; and in the sky
The larks, still bravely singing, fly
Scarce heard amid the guns below.*

*"We are the Dead. Short days ago
We lived, felt dawn, saw sunset glow,
Loved and were loved, and now we lie
In Flanders fields.*

*"Take up our quarrel with the foe;
To you from failing hands we throw
The torch; be yours to hold it high.
If ye break faith with us who die
We shall not sleep, though poppies grow
In Flanders fields."*

Today we pause to honor the club women who have passed away during the last club year. Our county conventions have paid tribute to their club women; the coming district conventions will commemorate those who have served in district work; today, in our state convention we again give all of them honor, but we give special recognition to those who have served in state work.

Our Federation has its own Flanders fields. We have our battleground—a spiritual battle-ground—fighting all the enemies of human welfare. Two million valiant women labor ceaselessly for those inspiring causes which we represent. We have won many victories, and truly we have planted breath-taking fields of poppies, in gorgeous coloring on our Flanders fields. The women whom we honor today have helped to plant those fields of poppies, to bring them to maturity, to cause all passers-by to gaze and marvel at their beauty. In the sky, the larks are singing their praises. It is true that today their hearts are heavy; their songs are not gay, for the rumble of war around the world well nigh drowns out our pleas for world peace; we do earnestly thank our Creator that here in America, the larks do still bravely sing,

*In Flanders Fields by Lieut.-Col. John McCrae.

THE INDIANA FEDERATION OF CLUBS

altho scarce heard amid the guns below.

Today we honor those who have helped to fight our causes most gallantly. They are our dead. Short days ago, they too, lived, felt dawn, saw sunset glow, loved and were loved, and now they lie in our Flanders fields. If they could speak to us, they would hurl the same challenge to us that Lieutenant-Colonel John McCrae hurled to his fellow soldiers, when in June, 1918, after four years of fighting, he died with the battle only half won. You will recall, he said: "Take up our quarrel with the foe; to you from failing hands we throw the torch; be yours to hold it high. If ye break faith with us who die, we shall not sleep, though poppies grow in Flanders fields." And so, we light the torch today, which failing hands have thrown to us, as a token of our pledge to them that we will carry on the fight against our foes.

Mrs. Adah Mueller of Crown Point, President of the Lake County Federation of Junior Club Women will light the torch.

Honoring the Second District which lost Mrs. T. N. Jean of Newberry, past president of the Greene County Federation, we read the first verse of "The Recessional," by Rudyard Kipling:

*"God of our fathers, known of old—
Lord of our far flung battle line
Beneath whose awful hand we hold
Dominion over palm and pine—
Lord God of Hosts, be with us yet
Lest we forget—lest we forget!"*

Honoring the Fourth District which lost Mrs. Barth of North Vernon, past president of Fourth District, serving 1917-1918, we read from "The Eternal Goodness," by John Greenleaf Whittier:

*"And so beside the Silent Sea
I wait the muffled oar;
No harm from Him can come to me
On ocean or on shore.*

*"I know not where His islands lift
Their fronded palms in air;
I only know I cannot drift
Beyond His love and care."*

Honoring Sixth District which lost its president, Mrs. O. M. Greene of Richmond, and also a past president, Mrs. Walter Saxon of Falmouth, who had served as president of her club, the

THE INDIANA FEDERATION OF CLUBS

Glenwood Sorosis (1920-'22), of Fayette County (1921-'24) of Sixth District (1924-'26) and as State Recording Secretary (1926-'28). We read Babcock's "Be Strong":

"Be strong!

*We are not here to play, to dream, to drift;
We have hard work to do, and loads to lift;
Shun not the struggle—face it; 'tis God's gift.*

"Be strong!

*Say not, 'The days are evil. Who's to blame?'
And fold the hands and acquiesce—oh shame!
Stand up, speak out, and bravely, in God's name.*

"Be strong!

*It matters not how deep intrenched the wrong,
How hard the battle goes, the day how long;
Faint not—fight on! Tomorrow comes the song."*

Honoring Seventh District which lost Mrs. W. C. Smith who served as State Treasurer (1918-'20); also Mrs. Demarchus Brown, a past president of the district; also Mrs. John W. Moore, president of the district and for seven years state chairman of the department of legislation. We read from "The Building of the Ship," by Longfellow:

*"Thou, too, sail on, O ship of State!
Sail on, O Union, strong and great!
Humanity with all its fears,
With all the hopes of future years,
Is hanging breathless on thy fate!
We know what Master laid thy keel,
What Workman wrought thy ribs of steel,
Who made each mast, and sail, and rope,
What anvils rang, what hammers beat,
In what a forge and what a heat,
Were shaped the anchors of thy hope!
Fear not each sudden sound and shock,
'Tis of the wave and not the rock;
'Tis but the flapping of the sail,
And not a rent made by the gale.
In spite of rock and tempest's roar,
In spite of false lights on the shore,
Sail on, nor fear to breast the sea!
Our hearts, our hopes, are all with thee,
Our hearts, our hopes, our prayers, our tears
Our faith triumphant o'er our fears,
Are all with thee—are all with thee!"*

THE INDIANA FEDERATION OF CLUBS

In closing this memory hour, let us all join together in singing "A Perfect Day" by Carrie Jacobs Bond, and "Lead Kindly Light":

*"When you come to the end of a perfect day
And you sit alone with your thought
While chimes ring out with a carol gay
For the Joy that the day has brought
Do you think what the end of a perfect day
Can mean to a tired heart
When the sun goes down with a flaming ray
And the dear friends have to part?"*

*"Well, this is the end of a perfect day
Near the end of a journey, too;
But it leaves a thought that is big and strong,
With a wish that is kind and true.
For mem'ry has painted this perfect day
With colors that never fade,
And we find, at the end of a perfect day,
The soul of a friend we've made."*

*"Lead kindly light
Amid the encircling gloom
Lead Thou me on.
The night is dark
And I am far from home
Lead Thou me on.
Keep Thou my feet
I do not ask to see
The Distant scene;
One step enough for me.*

*"So long Thy power
Hath blessed me; sure it still
Will lead me on;
O'er moor and fen,
O're crag and torrent
'Til the night is gone.
And with the morn
Those angel faces smile
Which I have loved long since
And lost awhile."*

Sound, because national defense is strengthened by renewing our forest resources, which contribute many war commodities;

Wise, because restoring idle lands to forest use makes such lands productive, thereby supplying raw materials to peacetime industries; wise because such industries employ skilled, happy workers; wise, because it is investing public funds, not spending them; therefore, be it

RESOLVED, That we urge all members of Congress to support this plan, and recommend that the Corresponding Secretary of the I. F. C. send copies of this resolution to all Indiana mem-

OUR COUNTRY

The "do or die" spirit of American men and women has made our Nation one of the greatest of all—for a Nation is made great, not by its resources, but by the men and women who have cultivated those resources. America was a great land when Columbus discovered it; Americans have made it a great Nation. Their courage is woven into the red, their love of liberty into the white and their loyalty into the blue of our flag.

The Institution of Life Insurance was builded of that courage, liberty and loyalty and the officers of Peoples Life carry those traditions ever in mind. The company is one of the progressive old line companies of the country; operates under the very strict insurance law of the State of Indiana, which law demands the actual security be held in trust by the State, thus guaranteeing that every policy will always be worth one hundred cents on the dollar.

You will especially want to investigate our—READJUSTMENT POLICY which provides a monthly income of \$100.00, or more, per month for one year after death of the insured, or the FAMILY INCOME POLICY which provides DOUBLE PROTECTION while the family is growing up.

These are the best of policies.

THE MOST IMPORTANT INVESTMENT TODAY

This is the year of the family.

The family's interests assume first place—the individual's wants and desires must yield.

Every purchase or investment must be considered in the light of the **family benefit**.

No parent will deny the fact that **education** is a **family matter** of prime importance.

For parents, like Janus, must look two ways at once. They see the difficulties of the present but they see far more clearly the future days when their sons and daughters will step into their proper places as educated, cultured men and women.

Thrift—necessary and estimable today—must, like every other human motive, be wisely directed. But sometimes lack of courage hides under the cloak of thrift. Real thrift means **wise** spending.

It recognizes the necessity of providing the best education at the proper time.

Today most schools are co-operating with parents in adjusting expenses to income. Means of financing tuition over the school years are being developed.

Parents who know the great benefits of intelligent and adequate preparatory education will make any necessary savings in other ways to keep their children in good schools.

Money invested in education is money well spent for the good of the **family**—today and tomorrow.

THE INDIANA FEDERATION OF CLUBS YEAR BOOK

OCCUPIES A FIELD PECULIARLY ITS OWN—
IT HAS NO COMPETITORS

It is always at hand in the club rooms and on the table in the club woman's home. It is constantly referred to, for it contains needed information and material that is not available elsewhere.

Women do nine-tenths of the buying, spending \$52,000,000,000 yearly, it is estimated. Club women are the key women, the leaders in every city and community. **THEIR PATRONAGE IS IN ITSELF AN ADVERTISEMENT.** A distinctive class and quality circulation is offered in the Year Book.

The Year Book is on file in public libraries.

At present the reader circulation of the Year Book is easily 50,000.
